# Membership Dues Rates

## 2023-24

**As of June 1, 2022, our new dues rates and policies are as follows:**

- We will no longer be pro-rating dues based on a July 1 – June 30 membership year. All new members will pay the full dues annually based on the month they sign up. For example, if you sign on in March, your renewal will be 12 months later. Quarterly or monthly members will not be affected by this change.
- Each member can change their renewal date one time, if they prefer based on the needs of their business. For instance, if you sign up in March but your budgets renew in January, you can request to change your renewal to January, once you sign up.
- The BBRC Board of Directors voted to change the member dues levels for the first time in a decade at the May 2022 Board Meeting to align our rates with other chambers of our size and impact. Our programming and member benefits have increased substantially over the past decade, as well as staffing, and the modest dues increases help support those changes.

### For-Profit Business Dues

<b>1 Employees (Sole Prop)</b>	<b>\$225</b>
<b>1+ Employees (Multiple staff)</b>	<b>\$250</b>

### Individual/ Member-at-Large Dues

<b>Friend of the Chamber</b>	<b>\$150</b>
------------------------------	--------------

This membership class is reserved for retired chamber people who are no longer with their chamber member company, or other unique circumstances as approved by the BBRC director. These members are not listed with any business affiliations and their contact information is not shared unless they request to have it shared. They are listed as either "Friends of the Chamber" or "Members-at-Large."

### Multiple Branch Discount

<b>Multiple Branch (under 10 employees)</b>	<b>\$150</b>
---	--------------

This membership class is for additional branches of a business who is already paying a full rate for one business. For example, a bank might pay the full rate for their largest branch, but any existing branches, if they have less than 10 employees, pays \$150 to have the secondary, tertiary and additional branches listed.
