Mr. Gorden called HQ to report that he was charged for gas at a pump at the shell gas station, that he did not pump from. He stated that he pumped from #12 but his receipt showed that he pumped from #2 as well. The manager of the station reviewed video and confirmed that Gorden was only at pump #12 and a different car was at #2. Both pumps showed that the same rewards program was used and Gorden's card was the only one charged. Gorden arrived 2 minutes after the other car parked at #2. Gorden was advised to contact the corporate office for a refund. The manager would not refund him his money.
