rp has a court order, no where in the order does it say anything about her not being able to see her kids. It should be noted she was escorted to get her belongings yesterday and Luis was very uncooperative, she was unable to retrieve her belongings. It has been 4 days without seeing her children and she has been trying to communicate each day about seeing her kids and he is telling her she is not allowed to see them. This is for documentation purposes.

Ms. Souza came to HQ to report that "Hector" a vending machine vendor has a vending machine located at Boston Harley for the last few years. According to Souza, Hector stopped coming to service the machine in April, and has not been seen or heard from since. Many attempts have been made to contact Hector (617-671-4213), but there is never a response to texts or voicemails. Boston Harley is going to have the machine removed from the property due to its abandoned state.

 Mr Ragab stated that his landlord placed a second bed inside his room. He told him that another roommate is going to be moving in with him into the room. MR Ragab stated that the agreement was for him to live in that single room alone. Mr Ragab was advised to call Police if the landlord tries to move the new roommate in. He was also advised that he can just place the bed outside the room. This is a court matter.
