

INFORMATION SESSION

Vision Studies Program

Northeast Resource Center for Vision Education
University of Massachusetts Boston

Do you want a meaningful career that takes you places? In UMass Boston's Vision Studies program, we have **100% job placement rates** for graduates of our master's & graduate certificate programs in Teacher of Students with Visual Impairments, Vision Rehabilitation Therapy, Assistive Technology Instruction for People with Visual Impairments, and Orientation & Mobility.

In 2 years or less, you can thrive in a career with variety and flexibility, and federal grant funding can help cover the cost!

Watch engaging videos about what you can expect from a career working with individuals with visual impairments: www.nercve.org/whereareyougoingtoday.

Learn more about our programs: www.nercve.org/vision-studies

For more information about our programs: Contact Laura Bozeman, Vision Studies Program Director: Laura.Bozeman@umb.edu
