5. Consider and Act on a Monetary Request for Next Year's Budget for the Commission.

R. Morra suggested setting aside \$100 to pay the clerk whenever they required one. However, the commission chose to meet during town hall hours so that one of the staff members could serve as clerk. The Commission discussed their plans for the upcoming year and agreed that the suggested amount was insufficient.

Discussion will continue in their next meeting.

7. Discussion regarding Street Naming.

The members of the commission proposed changing the name of one street in the triangle next to town hall to Veterans Way. R. Morra explained that they need to request a form at the Selectmen's Office and submit it to the Board of Selectmen.

8. Discussion regarding Memorial Day Parade Coordination

B. Sterns would like a list of things of what they already do at Memorial Day Parade and A. Dumas a list of all the Veterans that are in town.

9. Other.

1: Discussion regarding the medallion's purchase to place flags at the cemetery and administrative reviews of costs to occur after researching a couple of options.

2: Discussion regarding veteran's tax reliever in Bolton, considering it wasn't charging in years.

3: Boy Scouts have finished reviewing all veterans in the Quarry Ville Cemetery in the process of locating veterans in the Bolton Center Cemetery.

4: The possibility of inviting more young veterans to join the commission in the future.

The Veterans Commission will discuss these items in its next meeting.

5: K. Walsh reminded everyone that the Senior Center will hold a Veteran's Luncheon on November 10th.

10. Adjournment.

The Veterans Commission adjourn at 2:53 p.m.

Respectfully Submitted,
Suellen Kamara.

Please see minutes of subsequent meetings for corrections to these minutes and any corrections hereto.

STATE OF CONNECTICUT
CONNECTICUT HISTORICAL COMMISSION

April 22, 2001

TO OWNERS OF THE FOLLOWING PROPERTIES:

ADDRESSES: The Green
 Bolton Center Road: 219, 220, 222, 228, 233, 266
 Hebron Road: 3

LOCATED WITHIN: the Bolton Green Historic District, Bolton, Connecticut

It is a great pleasure to inform you that the Bolton Green Historic District in Bolton, Connecticut, was listed on the National Register of Historic Places effective April 12, 2001.

The National Register of Historic Places is the official list of historic properties recognized by the Federal Government as worthy of preservation for their significance in American History, architecture, archaeology, engineering, and culture. Located in the National Park Service, U.S. Department of the Interior, the program is part of a national policy to coordinate and support public and private efforts to identify, evaluate, and protect our cultural and national resources, and is maintained by the Secretary of the Interior under provisions of the National Historic Preservation Act of 1966.

Listing in the National Register results in the following for historic purposes:

1. Consideration in planning for Federal, federally licensed, and federally assisted projects. Section 106 of the National Historic Preservation Act of 1966 requires that Federal agencies allow the Advisory Council on Historic Preservation an opportunity to comment on all projects affecting historic properties listed in the National Register. For further information, please refer to 36 CFR 800.
2. Eligibility for Federal tax provisions. If a property is listed in the National Register, certain Federal tax provisions may apply. The Tax Reform Act of 1986 revises the historic preservation tax incentives authorized by Congress in the Tax Reform Act of 1976, the Revenue Act of 1978, the Tax Treatment Extension Act of 1980, the Economic Recovery Tax Act of 1981, and Tax Reform Act of 1984, and as of January 1, 1987, provides for a 20 percent investment tax credit with a full adjustment to basis for rehabilitating historic commercial, industrial, and rental residential buildings. The former 15 percent and 20 percent Investment Tax Credits (ITCS) for rehabilitations of older commercial buildings are combined into a single 10 percent ITC for commercial or industrial buildings built before 1936. The Tax Treatment Extension Act of 1980 provides Federal tax deductions for charitable contributions for conservation purposes of partial

interests in historically important land areas or structures. Whether these provisions are advantageous to a property owner is dependent upon the particular circumstances of the property and the owner. Because tax aspects outlined above are complex, individuals should consult legal counsel or the appropriate local Internal Revenue Service office for assistance in determining the tax consequences of the above provisions. For further information on certification requirements, please refer to 36 CFR 67.

3. Consideration of historic values in the decision to issue a surface coal mining permit where coal is located, in accordance with the Surface Mining and Control Act of 1977. For further information, please refer to 30 CFR 700 et. seq.
4. Qualifications for Federal grants for historic preservation when funds are available. Presently funding is unavailable. Contact the State Historic Preservation Office to determine the current status of such grants.

In Connecticut, listing in the National Register of Historic Places results in the following for historic properties:

1. Eligibility to purchase historical markers from the State Historic Preservation Officer.
2. Application of Connecticut General Statutes, Section 22a-19a. This statute directs that the provisions of sections 22a-15 through 22a-19, inclusive, of the Connecticut Environmental Protection Act, which permit legal recourse for the unreasonable destruction of the state's resources, shall also be applicable to historic structures and landmarks of the state. Such structures and landmarks are defined as those properties (1) which are listed or under consideration for listing as individual units on the National Register of Historic Places or (2) which are a part of a district listed or under consideration for listing on the National Register and which have been determined by the State Historic Preservation Board to contribute to the historic significance of such a district. If the plaintiff in a resulting legal action cannot make a prima facie showing that the conduct of the defendant, acting alone or in combination with others, has unreasonably destroyed or is likely unreasonably to destroy the public trust in such historic structures or landmarks, the court shall tax all costs for the action to the plaintiff.

Listing does not mean that the Federal Government wants to acquire the property, place restrictive covenants on the land, or dictate the color or materials used on individual buildings. State and local ordinances or laws establishing restrictive zoning, special design review committees, or review of exterior alterations, are not a part of the National Register program and should be clearly separated from the function of the National Register as a tool in the Federal planning process.

We are pleased to have been of assistance in the preservation of this historic resource.

Sincerely,

John W. Shanahan
State Historic Preservation Officer
