Elizabeth,

If it is an appropriate location we would love for Bolton to be part of the pilot program.

Thank you,

Jim Rupert

Hi Jim!

Thank you for following up! CTDOT submitted the attached report to the Transportation Committee earlier this year regarding the potential for expansion of speed safety cameras onto limited access highways. Also, last week the Transportation Committee favorably reported House Bill 5464, which contains language regarding a pilot program. The language is in Sections 14-19. I've provided a link below.

Elizabeth,

I am just reaching out for a follow up regarding traffic cameras at the end of 384 in Bolton. In your last email you indicated there was some research being done for locations like this one.

Regards,

Jim Rupert
