Public Hearing

3. CONTINUATION OF PUBLIC HEARING - Application #Z-21-79 Britney Mahomes of Ambassador Pools, on behalf of homeowner Tonya LaPlante – 11 Enrico Rd. – variance request to install above-ground pool with integrated deck and fence

The homeowner, Tonya LaPlante, was present via Zoom.

The applicant, Danny Johnson from Ambassador Pools, was unable to attend due to an unexpected health matter and asked for a continuance of the Public Hearing. He has given the ZBA permission to extend the time within which to hold a hearing and to render a decision beyond the statutory deadline.

M. Altermatt clarified that Mr. Johnson asked for the continuance on behalf of the homeowner.

M. Altermatt also asked the homeowner if she agrees to extend the time requirement for the Board to render a decision. Ms. LaPlante replied yes.

J. Treat made a motion to continue the Public Hearing until March 8, 2022 at 7:00. J. Machnik seconded. The motion passed unanimously 5:0:0.

M. Altermatt stated that it would be in the best interest of all parties to have this matter resolved at the March meeting.

Work Description

Above Ground Pool with an integrated deck and fence

Zoning Board of Appeals

Statement of Hardship

Home is built very close to rear property line leaving open space only in front yard and side yard. Proposing to install pool directly behind the house so has privacy. It would be encroaching the rear setback but plenty of space there for it directly behind the house.

Brief Explanation of Specific Action(s) Requested of the ZBA

Variance to be submitted to request the permission to install pool and violate rear setback by 10-12 feet. Setback is 40 feet to the rear and they have about 28 feet.

Has any previous application been filed in connection with these premises?

REVISIONS:

Daniel Johnston & Brittney Mahomes, Ambassador Pools

December 12th 2021

RE: Special Variance & Hardships

Project: 11 Enrico RD, Proposed above ground pool

On behalf of our client, Tonya and Daniel Laplante, homeowners of 11 Enrico Road, Bolton, CT, Daniel Johnston & Brittney Mahomes of Ambassador Pools filed a special permit with the building department of Bolton for permission to erect an above ground swimming pool in their backyard. The homeowners purchased a 12x20 single end pool, the proposed pool location behind the home indicates no reason for unstable ground as well as the surrounding usable yard area. The point beyond the proposed pool flat area begins to border the wetlands with trees and other plants that have remained untouched to preserve the environment and mitigate wetlands impacted whatsoever. Usually one of the key hardships other than financially is having a structure on conservation land, most of the time the homeowners are unaware until a project is coming together or in the midst of being complete, and for us as a pool company most of the time if the homeowner doesn't know we are under the assumption things will be smooth sailing. I will say those most hardships we have to list are very subtle and we plan to take every action necessary as a company

to make sure the homeowners have their dream pool while also catering to the abutters and the towns set back requirements.

The pools dimensions is a 14 x 28 including the single end deck attached to it, with the proposed setback requirements of 28' on the left, 88' for the right side, 210' for the front and 105' for the rear setback; the homeowners also have a septic tank in their yard which the pool is proposed to be 10' away from. The hardship the owner is facing is the setback requirement for the distance their septic system is to the pool. Our company, Ambassador Pools, deal with a variety of homeowners and their leaching fields,septic and wells;Stating this as a company we run into multiple setbacks requirements each one different from each town and state so we proposed the pool where we thought would be the best fit while catering to the homeowners vision. Our pools have an integrated deck with fencing to add privacy,safety and the utmost convenience to our customer and the abutters of the neighborhood.

The pool is to be installed with a saltwater generator to minimize any potential chemical pollution to the surrounding environment, making it a natural freshwater pool using electrolysis to convert salt into chlorine instead. Due to the grade circumstances in the yard our installation team will be able to prep the site by removing only the top layer of grass , remaining mindful of the existing vegetation and wetland flagged surrounding areas by marking with silt socks the maximum area of construction, a proven and safe erosion control method, during our minimal disturbance work to grade the surface of ground for the leveling of above ground pool.

Homeowners should be educated on not adding chlorine for at least 7 days prior to draining the pool in future, as well as notifying the city of how the pool should be drained as well. Ambassador Pools believes that the proposed project has been designed in a way that will minimise impacts to resource areas if there is any.. Danny Johnston and Britney Mahomes from Ambassador Pools respectfully request an order for a Special Variance granting permission for the work described above as well as allowing the homeowner to enjoy a pool they have wanted for a long time now.

Please feel free to contact us if you have any questions.

Sincerely,

Daniel Johnston

Brittney Mahomes
