

Opiate Abatement Working Group Agenda

Date: March 26, 2025

Time: 6PM

Location: SUDHI Office

Over the next 3 months we will focus on one bucket a month to break down what is already being done, what we can add or create. The 3 buckets we all agreed to focus on are:

Prevention/ Community engagement- 30% -\$72,900 a yr (we received another \$50,000 matching grant for prevention)

Housing 40%- \$97,000 yr

Harm Reduction- 30%- \$72,900 yr

This month we will be talking about prevention.

I would like to introduce Jill Foley Director of Comprehensive Health and Wellness at Revere High School to talk about the prevention work that is taking place and the support they may need from OA funds.

Next month will focus on Housing and will hope to have an expert to share with the group.

We sent a request to Care Mass for tech assistance, to make sure we are doing everything with fidelity and resolve conflict of interest concerns.

Next meeting will be on April 30th, 2025
