

Opiate Abatement Working Group Agenda

Date: January 29th, 2025

Time: 6PM

Location: SUDHI Office

Welcome back, I hope everyone had a wonderful holiday season.

Nicole will give you some information on the focus groups that took place in November.

The purpose of this meeting is to come up with some innovative ideas on how to allocate Opiate Abatement funds for long-term spending. We will be having a brainstorming activity to see what will have the most impact on our community.

The six buckets will be:

- 1.Prevention**
- 2.Harm Reduction**
- 3.Community support/education**
- 4.Recovery support**
- 5.Housing**
- 6.Grief support**

During the brainstorming activity these will be the questions to ask yourself:

- 1. Impact-Does it directly reduce overdose deaths or improve OUD care?**
- 2. Feasibility- Can it be implemented with the available funds?**
- 3. Sustainability- will it have long term benefits?**
- 4. Equity- Does it address underserved populations?**

Once we identify a long-term plan or plans, next month we will add the points up and ask the questions above, we can then decide what makes the most sense based off of the community survey and our expertise.

Next month's meeting will be Wednesday February 26th, 2025.
