

CITY OF REVERE WATER SEWER & DRAIN DIVISION

WE WOULD LIKE TO REMIND ALL TO **NOT DUMP F.O.G.
(FATS/OILS/GREASE)** DOWN THE DRAIN.

F.O.G. COMES FROM MANY FOODS

COOKING OIL * BUTTER * MARGARINE

LARD * SAUCES * FOOD SCRAPS * DAIRY

- ◆ **DO** RECYCLE USED COOLED OIL OR GREASE OR PROPERLY DISPOSE OF IT BY POURING IT INTO A SEALABLE CONTAINER AND PLACING THE CONTAINER IN THE TRASH.
- ◆ **DO** WIPE OFF OIL AND GREASE FROM POTS, PANS, DISHES, AND COOKING SURFACES WITH DRY PAPER TOWELS BEFORE RINSING OR WASHING THEM. THEN THROW AWAY THE PAPER TOWELS.
- ◆ **DO** PUT BASKETS OR SCREENS IN SINK DRAINS TO CATCH FOOD SCRAPS WHEN RINSING DISHWARE AND ESPECIALLY WHEN PEELING OR TRIMMING FOOD. THEN EMPTY THE CONTENTS INTO THE TRASH.
- ◆ **DO** SCRAPE LEFT OVER FOOD SCRAPS INTO THE TRASH OR COMPOST.

TRUE: ANY F.O.G. THAT IS POURED INTO A DRAIN WILL CAUSE BACKUPS AND BLOCKAGES IN YOUR PLUMBING AND IN THE CITY'S SEWER LINES.

FALSE: GARBAGE DISPOSALS AND HOT WATER ELIMINATE F.O.G.

- ◆ **DO NOT** POUR OIL, OR GREASE DOWN ANY DRAINS, INTO GARBAGE DISPOSALS OR FLUSH INTO TOILETS.
- ◆ **DO NOT** WASH DISHES POTS AND PANS WITH HOT WATER UNTIL THE GREASE HAS BEEN REMOVED.
- ◆ **DO NOT** USE CLOTH TOWELS TO CLEAN GREASES AND THEN WASH THEM OFF IN THE SINK.
