

Pumping & Feeding Gear

in-person! • in-person • in-person!

Learn about the modern products and techniques related to pumping and feeding gear. Play with most of the pumps and flanges on the market today, and explore other feeding gear. Discuss how to counsel your clients about using products. And connect with colleagues.

upcoming in-person workshops (2024)

- for IBCLCs
 - April 14 Washington, DC
 - April 19 Philadelphia, PA
 - June 10 Hartford, CT
- for perinatal professionals
 - April 14 Washington, DC
