

4 April 2025

**Proteome Sciences plc  
("Proteome Sciences" or the "Company")**

**Notice of Results and Investor Presentation**

Proteome Sciences (AIM: PRM) announces that the Company's results for the year ending 31 December 2024 will be announced on 10 April 2025 (the "Final Results"). The Company looks forward to updating shareholders on the Company's performance and on the outlook for 2025.

On the 11 April 2025 at 10:30 BST the Company's Executive Chairman, Christopher Pearce and Dr Ian Pike, the Chief Scientific Officer (CSO), will provide a live presentation relating to the Final Results via Investor Meet Company.

The presentation is open to all existing and potential shareholders. Questions can be submitted pre-event via your Investor Meet Company dashboard up until 10 April 2025, 09:00 BST, or at any time during the live presentation.

Investors can sign up to Investor Meet Company for free and add to meet Proteome Sciences via: <https://www.investormeetcompany.com/proteome-sciences-plc/register-investor>

Investors who already follow Proteome Sciences on the Investor Meet Company platform will automatically be invited.

**About Proteome Sciences plc. ([www.proteomics.com](http://www.proteomics.com))**

Proteome Sciences plc is a specialist provider of contract proteomics services to enable drug discovery, development and biomarker identification, and employs proprietary workflows for the optimum analysis of tissues, cells and body fluids. SysQuant® and TMT®MS2 are unbiased methods for identifying and contextualising new targets and defining mechanisms of biological activity, while analysis using Super-Depletion and TMTcalibrator™ provides access to over 8,500 circulating plasma proteins for the discovery of disease-related biomarkers. Targeted assay development using mass spectrometry delivers high sensitivity, interference-free biomarker analyses in situations where standard ELISA assays are not available.
