STATE WAGE RATES

State wage rates can be obtained at <http://www.labor.state.ak.us/lss/pamp600.htm>. Use the State wage rates that are in effect 10 days before Bid Opening. The City will include a paper copy of the State wage rates in the signed Contract.

**CITY OF FAIRBANKS
INVITATION TO BID NO. ITB-26-07**

The City of Fairbanks is requesting sealed bids for furnishing all labor, equipment, materials, and performing all work necessary for the **HOLT ROAD RESURFACING** project. Work includes, but is not limited to, roadway reconstruction and ditch installation on Holt Road in Fairbanks, Alaska, as described in the project specifications and shown on the Plans.

Contract documents will be available online at <http://www.agcak.org>, <http://www.theplansroom.com>, and <https://www.fairbanksalaska.us/rfps>. For the convenience and review by/of contractors, subcontractors, and suppliers, one complete hard copy set of contract documents is retained on file at the City of Fairbanks Engineering Dept. Office in City Hall, 800 Cushman Street.

Sealed bids shall be received by the City Clerk's Office, City Hall, 800 Cushman Street, Fairbanks, Alaska 99701, until **2:00 P.M. local time, September 15, 2026**, and will immediately thereafter be publicly opened and read aloud in the Engineering Conference Room at the same address.

The City reserves the right to waive informalities not inconsistent with the law and to reject any or all bids.

PUBLISH: Fairbanks Daily News-Miner: August 21 and 23, 2026

PART I - INSTRUCTIONS TO BIDDERS

DIVISION 000 – INSTRUCTIONS TO BIDDERS

00-1.00 CONSTRUCTION DOCUMENTS ONLINE. Contract documents are available only electronically at <http://www.agcak.org> and <http://www.theplansroom.com> and <https://www.fairbanksalaska.us/rfps>. The Associated General Contractors Plans Room is located at 3750 Bonita Street in Fairbanks (907) 452-1809, and at 8005 Schoon Street in Anchorage (907) 907-561-5354. The Plans Room LLC in Anchorage is located at 4831 Old Seward Highway, Suite 202, (907) 563-2029. For the convenience and review by/of contractors, subcontractors, and suppliers, one complete hard copy set of contract documents, construction plans, and technical specifications is retained on file at the City of Fairbanks Engineering Department Office in City Hall, 800 Cushman Street. The City reserves the right to waive informalities not inconsistent with the law and to reject any or all bids.

00-1.01 RECEIPT AND OPENING OF BIDS. The City of Fairbanks, Alaska (hereinafter called the “Owner”), invites bids submitted on the forms described herein. Bids including any amendments or withdrawals must be received by the City Clerk's Office, at or prior to, the designated time. Bids not received by the City Clerk's Office at, or prior to, the designated time will not be accepted and will be returned to the bidder unopened. Mailed or hand-delivered envelopes containing the bids must be sealed, addressed to the City Clerk at 800 Cushman Street, Fairbanks, Alaska 99701-4615, and designated with the project name and number as specified in the “Invitation to Bid” and include the Offeror's company name, address, phone number, and contact name. Faxed bid amendments must be addressed to City Purchasing Agent. Fax number: (907) 459-6731.

000-1.03 BID SECURITY. Bid security is required with each bid in the following amount:

1. Ten Percent of the amount of the bid if the bid does not exceed \$100,000; or
2. Ten percent of the first \$100,000 and five percent of the amount of the bid over \$100,000 if the bid exceeds \$100,000 up to a maximum of \$200,000 in security.

000-1.04 EQUAL OPPORTUNITY. The City of Fairbanks hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this Invitation, Disadvantaged Business Enterprises (DBEs) will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, national origin, or sex in consideration for an award.

000-1.06 BID QUESTIONS.

All questions relating to bidding procedures, design features, constructability, quantities, discrepancies, request for correction, or other technical aspects of the project must be submitted via email to the City of Fairbanks Engineering Department via egarcia1@fairbanks.gov, attention Enrique Garcia, Project Manager.

Questions must be submitted to the Project Manager at least seven calendar days prior to the date fixed for the opening of the bids. The Project Manager will provide all such corrections and any supplemental instructions in the form of addenda electronically to:

- <http://www.agcak.org>
- <http://www.theplansroom.com>
- <https://www.fairbanksalaska.us/rfps>

000-1.07 OTHER INFORMATION:

Bid results are available after the bid opening by accessing the City of Fairbanks home page at <https://www.fairbanksalaska.us/rfps>.

The Standard Specifications for Highway Construction [English Edition] dated 2020 can be downloaded from the internet at <http://www.dot.state.ak.us/stwddes/dcspsecs/index.shtml>.

000-1.08 CONTRACT QUANTITIES IN BID SCHEDULE. The quantities appearing in the bid schedule are approximate only and are prepared for the comparison of bids. Payment to the contractor will be made only for the actual quantities of work performed and accepted or materials furnished in accordance with the contract. The scheduled quantities of work to be done and materials to be furnished may each be increased, decreased, or omitted as hereinafter provided.

This project contains pay items with contract quantities as defined with technical and special provisions.

000-1.09 CONTRACT AWARD.

1. Except as provided in the Code of Ordinances, City of Fairbanks, Alaska, also cited Fairbanks General Code (FGC); contract award authority is by resolution of the City Council.
2. The awarding authority may award a contract based on solicited bids to the lowest responsive and responsible Bidder as provided in the FGC and these contract documents and specifications.
3. Local bidder preference will be used as a criterion in awarding this bid. (The provisions of local preference are not applicable to any contract funded by a Federal or State grant which expressly prohibits a local preference in awarding contracts.)

000-1.10 REQUIRED DOCUMENTS. Each bid must be submitted on the prescribed forms.

Required for Bid. Bids will not be considered if the following documents are not filled out completely and submitted at the time of bidding:

1. Bid and Non-Collusion Affidavits
2. Bid Schedule(s)
3. Bid Bond (with Power of Attorney when appropriate)
4. Legible reproduction of current Alaska Contractor's License or Certified License Statement
5. Copy of Current Alaska Business License
6. Copy of Current City of Fairbanks Business License

Required After Notice of Apparent Low Bidder. The apparent low bidder is required to complete and submit the following document within ten working days after receipt of written notification:

1. Sub-Contractors List

Required for Award. In order to be awarded the contract, the successful bidder must completely fill out and submit the following documents within the time specified in the intent to award letter:

1. Construction Contract (Agreement)
2. Contract Bond (Performance)
3. Contract Bond (Payment)
4. Contractor's Questionnaire
5. Certificate of Insurance (from carrier)
6. Bidders must register annually with the Civil Rights Office in order to be eligible for award. If not registered, or if unsure, submit the following: Bidder Registration (Form 25D-6)

000-1.11 CHANGE IN PREVAILING WAGE REQUIREMENTS. The Department of Labor and Workforce Development (DOLWD) proposed a revised regulatory definition of "on-site" in 8 AAC 30.910 to clarify the scope of activities covered by Alaska's Little Davis Bacon Act (AS 36.05.010-AS 36.05.110). For a copy of the revised definition of 8 AAC 30.910, go to: <http://labor.alaska.gov>.

DOLWD will enforce the revised provisions on all projects with a bid opening date on or after February 15, 2011. Prospective bidders on projects with a bid opening date on or after February 15, 2011, must consider the impact of the revised regulation and bid accordingly. DOLWD will not enforce the new "onsite" definition on projects with a bid opening date prior to February 15, 2011.

000-1.12 USING APPRENTICES. Contractors must comply with Administrative Order 226, which establishes a 15% goal for hiring apprentices in certain job categories; on highway, airport, harbor, dam, tunnel, utility or dredging projects financed by the State of Alaska. This Administrative Order will apply to all such projects advertised after September 1, 2005, where the project construction cost exceeds 2.5 million dollars.

For additional details, please visit: <http://labor.alaska.gov/lss/forms/ApprenHireReq.pdf>.

000-1.13 SPECIAL NOTICE TO BIDDERS. The City of Fairbanks may cancel this solicitation either before or after bid opening, but prior to the issuance of the "Notice of Intent to Award" under Subsection 103-1.03 of the Standard Specifications for Highway Construction, 2020 Edition, if it is determined that award is not in the best interest of the City.

The City also reserves the right to cancel this solicitation after issuance of the "Notice of Intent to Award" and the declared apparent low bidder for the project is cautioned to not proceed with any aspect of contract performance until a "Letter of Award" and "Notice to Proceed" have been issued by the City. The apparent low bidder is not relieved from any of the procedural requirements of Section 103 of the

Standard Specifications for Highway Construction, 2020 Edition. By submitting a bid for this project, the bidder agrees that the City will not provide compensation for, nor be held liable for, any bidder or prospective contractor incurred costs associated with bid preparation or other prospective contractor incurred costs.

CITY OF FAIRBANKS
BID AFFIDAVIT
ITB-26-07

Bid of _____
(hereinafter called "BIDDER"), organized and existing under the laws of the State of _____
doing business as _____*,
to the CITY OF FAIRBANKS, a municipal corporation of the State of Alaska (hereinafter called "OWNER").

In compliance with your Advertisement for Bids, BIDDER hereby proposes to perform all WORK for the Holt Road Resurfacing in strict accordance with the CONTRACT DOCUMENTS, within the time set forth therein, and at the prices stated below.

By submission of the BID, each BIDDER certifies, and in the case of a joint BID each party thereto certifies as to its own organization, that this BID has been arrived at independently, without consultation, communication, or agreement as to any matter relating to the BID with any other BIDDER or with any competitor.

BIDDER hereby agrees to commence WORK under this contract on or before a date to be specified in the NOTICE TO PROCEED and to fully complete the PROJECT by July 15, 2027. BIDDER further agrees to pay liquidated damages in accordance with the Contract Documents.

BIDDER acknowledges receipt of the following ADDENDA (give number and date of each):

Addenda	Date Issued	Addenda	Date Issued

*Insert "a corporation", "a partnership", or "an individual" as applicable.

BIDDER agrees to perform all the work described in the CONTRACT DOCUMENTS for the following unit prices or lump sum:

BID BOND

KNOW ALL BY THESE PRESENTS, that we, the undersigned,

_____ as Principal,
and _____ as Surety,
are hereby held and firmly bound unto the CITY OF FAIRBANKS, ALASKA as Owner in the penal sum of _____ for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

Signed, this _____ day of _____, 2026.

The Condition of the above obligation is such that whereas the Principal has submitted to the CITY OF FAIRBANKS a certain Bid, attached hereto, and hereby made a part hereof to enter into a contract in writing, for the Holt Road Resurfacing.

NOW, THEREFORE,

- a. If said Bid shall be rejected, or in the alternate,
- b. If said Bid shall be accepted and the Principal shall execute and deliver a contract in the Form of Contract attached hereto (properly completed in accordance with said Bid) and shall furnish a bond for his faithful performance of said contract, and for the payment of all persons performing labor or furnishing materials in connection therewith, and shall in all other respects perform the agreement created by the acceptance of said Bid,

then this obligation shall be void, otherwise the same shall remain in force and effect; it being expressly understood and agreed the liability of the Surety for any and all claims hereunder shall, in no event, exceed the penal amount of this obligation as herein stated.

The Surety, for value received, hereby stipulated and agrees the obligations of said Surety and its bond shall be in no way impaired or affected by any extension of the time within which the Owner may accept such Bid; and said Surety does hereby waive notice of any such extension.

IN WITNESS THEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

CONSTRUCTION CONTRACT (AGREEMENT)

THIS AGREEMENT, made and entered into this _____ day of _____ 2026, by and between _____, hereinafter
(the official name, form of organization, and address of Contractor - if partnership, name of partners)
called the "Contractor" and City of Fairbanks, 800 Cushman Street, Fairbanks, Alaska 99701-4615,
hereinafter called the "Owner".

WHEREAS, pursuant to the invitation of the Owner, extended through an officially published "Advertisement for Bids," the Contractor did in accordance therewith, on the _____ day of _____ 2026, file with the Owner a Bid containing an offer which was invited by said notice; and

WHEREAS, the Owner has determined said offer was the lowest and best submitted:

NOW, THEREFORE, IT IS AGREED:

First: That the Contractor shall comply in every way with the requirements of those certain specifications entitled: **Holt Road Resurfacing** and *The Alaska Standard Specifications for Highway Construction, 2020 Edition* is incorporated by reference and made a part hereof as if set forth in full.

Second: That in consideration of faithful compliance with the terms and conditions of this Agreement the Owner shall pay to the Contractor, at the times and in the manner provided in said specifications, the total sum of:

(the basic contract price both in words and figures)

which sum is subject, however, to increase or decrease in such proportion as the quantities named in the proposal are so changed, all as in the specifications and proposal provided.

Third: That the time of completion is **July 15, 2027**.

Fourth: That the contract documents which are hereby made a part of this Agreement by actual attachment or by this reference thereto are as follows:

1. The "Advertisement for Bids" - being the invitation to submit a proposal;
2. The Specifications named above by title;
3. The Detailed Plans listed and described in said specifications, together with those which may be issued as supplements thereof; and
4. The Bid of the Contractor, referred to as the Bid Schedule, which was submitted on _____, 2026, the original or a conformed copy of which is hereto attached and marked "Exhibit A".

CONTRACT BOND (PERFORMANCE)

KNOW ALL BY THESE PRESENT:

That _____ of _____
as principal(s) and _____ of _____ as
surety(sureties) are firmly bound and held unto the City of Fairbanks in the penal sum of
_____ dollars (\$ _____),
good and lawful money of the United States of America, for the payment whereof well and truly to be
made, we bind ourselves, our heirs, executors, administrators and assigns, jointly and severally, firmly by
these presents.

The amount of the Performance Bond shall equal the amount of the contract.

WHEREAS, the said principals have entered into written contract with said City of Fairbanks on the
_____ day of _____, 2026, for construction of the **Holt Road Resurfacing** said
work to be done according to the terms of said contract.

NOW, THEREFORE, the conditions of the foregoing obligation are such that if the said principals shall well
and truly perform and complete all obligation and work under said contract and the proposal, and special
conditions attached hereto and made a part hereof and or the plans and specifications of the City of
Fairbanks, or the specifications of any participating Local, State or Federal Agency when such
specifications are designated by the City of Fairbanks as those governing the conduct of construction
under this contract of which reference is hereby made and which are by reference made a part hereof
according to the terms as the same are now constituted or as they may hereafter be modified in
accordance with the provisions of said contract and specifications and during the life of any guarantee
required under the contract, and if the said principals shall comply with all requirements of law and shall
indemnify and save harmless the City of Fairbanks and employees thereof against any damage or loss
which they or any of them may suffer or for which they or any of them become liable by the default of
said principals, or by any neglect or carelessness on the part of said principals, their agents, servants or
employees in the performance of said contract, then these presents shall become void, otherwise they
shall remain in full force and effect.

IN WITNESS WHEREOF, we have hereunto set our hands and seals at _____, Alaska, this _____
day of _____ 2026.

CONTRACT BOND (PAYMENT)

KNOW ALL BY THESE PRESENT:

That _____ of _____
as principal(s) and _____ of _____ as
surety(sureties) are firmly bound and held unto the City of Fairbanks in the penal sum of
_____ dollars (\$_____),
good and lawful money of the United States of America, for the payment whereof well and truly to be
made, we bind ourselves, our heirs, executors, administrators and assigns, jointly and severally, firmly by
these presents.

The amount of the Payment Bond shall equal the amount of the contract.

WHEREAS, the said principals have entered into written contract with said City of Fairbanks on the
_____ day of _____, 2026, for construction of the **Holt Road Resurfacing** said
work to be done according to the terms of said contract.

NOW, THEREFORE, the conditions of the foregoing obligations are such that if the said principals shall
comply with all requirements of law and pay, as they become due, all just claims for labor performed and
materials and supplies furnished upon or for the work under said contract, whether said labor be
performed and said materials and supplies be furnished under the original contract, any subcontract or
any and all duly authorized modifications with the percentage of change limitations as set forth in the
specifications; and if the principals shall indemnify and save harmless the City of Fairbanks and employees
thereof against any damage or loss which they or any of them may suffer or for which they or any of them
become liable by the default of said principals, or by any neglect or carelessness on the part of said
principals, their agents, servants or employees, then these presents shall become void, otherwise they

PART II – GENERAL PROVISIONS

DIVISION 100 – STANDARD SPECIFICATION FOR HIGHWAY CONSTRUCTION FOR THE ALASKA DEPARTMENT OF TRANSPORTATION & PUBLIC FACILITIES STANDARD SPECIFICATIONS FOR HIGHWAY CONSTRUCTION, 2020 EDITION, ARE MODIFIED AS FOLLOWS:

SECTION 107
LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC

01/20/15 (N5)

Add the following subsection:

107-1.22 NOISE ABATEMENT. The Contractor will not disturb the peace in contravention of any applicable local Ordinance. Within the City of Fairbanks, the applicable ordinance is FGC Section 46-42. Any noise within the City of Fairbanks as described in FGC Section 46-42(A)(3) will be limited to the hours of 7 a.m. to 11 p.m. unless exempted by FGC Section 46-42(E).

PART III - CITY SUPPLEMENTAL CONDITIONS

DIVISION 100 - GENERAL PROVISIONS OF THE ALASKA DEPARTMENT OF TRANSPORTATION & PUBLIC FACILITIES STANDARD SPECIFICATIONS FOR HIGHWAY CONSTRUCTION, 2020 EDITION, ARE FURTHER MODIFIED BY THIS PROJECT AS FOLLOWS:

**SECTION 101
DEFINITIONS AND TERMS**

SECTION 101-1.01 GENERAL. ADD the following: In all specifications, DELETE all references to "Department" or "State" or "State of Alaska" or "The State of Alaska Department of Transportation and Public Facilities" and REPLACE with: "City" (meaning the City of Fairbanks). Also, DELETE all references to "Contracting Officer" and REPLACE with: "City Engineer".

SECTION 101-1.03 DEFINITIONS. ADD the following:

SUBMITTAL. A bound document prepared by the contractor consisting of a compilation of product data, shop drawings calculations, certifications and reports to be submitted to the Engineer.

**SECTION 102
BIDDING REQUIREMENTS AND CONDITIONS**

102-1.07 BID GUARANTY. DELETE the second sentence and SUBSTITUTE the following: The guaranty must be unconditionally payable to the City of Fairbanks and must be in the form of an acceptable Bid Bond, or a certified check, cashier's check, or money order.

102-1.09 WITHDRAWAL OR REVISION OF BIDS. Add the following to the first paragraph: Modifications to bids shall be submitted on forms furnished by the City or reasonable facsimiles thereof. If a form other than that provided is used it must be of a very similar format, containing at a minimum the information required on the provided form.

**SECTION 103
AWARD AND EXECUTION OF CONTRACT**

103-1.01 CONSIDERATION OF BIDS. In the first sentence of the fourth paragraph after "...may protest a proposed Award of contract" add the following: "..., award of a contract, or a solicitation for construction ..."

103-1.06 INSURANCE REQUIREMENTS.

DELETE Item 1: Workers' Compensation and see new subsection Certificate of Insurance.

DELETE Item 2: Commercial General Liability and see new subsection Certificate of Insurance.

DELETE Item 3: Automobile Liability and see new subsection Certificate of Insurance.

DELETE 4th paragraph and SUBSTITUTE the following:

The City of Fairbanks shall be named as an additional insured on policies required by paragraphs 2 through 4 above. All of the above insurance coverages will be considered to be primary and noncontributory to any other insurance carried by the City of Fairbanks, whether through self-insurance or otherwise.

ADD the following [new] subsections:

Certificate of Insurance

Contractor must furnish a certificate of insurance within 10 days of receipt of the Notice-of-Intent to Award and must endorse policies to provide for a 30-day notice prior to cancellation, non-renewal or material change of the policies. Failure to furnish satisfactory evidence of insurance or lapse of policy is a material breach of the contract and grounds for termination of this agreement. Each policy must be endorsed with a waiver of subrogation in favor of the Owner. All other insurance policies required of the Contractor by this agreement must be endorsed to provide that such insurance applies as primary insurance and that any insurance or self-insured carried by the Owner will be excess only and will not contribute with the insurance required by this agreement. All other insurance policies required of the Contractor and subcontractors by this Agreement must be endorsed to name the Owner as additional insured. All insurance must be on an occurrence from acceptable to the Owner and having an A.M. Best rating of "A" or better.

1. Workers' Compensation and Employers' Liability Insurance as required by any applicable law or regulation. Employers' liability insurance must be in the amount no less than \$500,000 each accident for bodily injury, \$500,000 policy limit for bodily injury by disease and \$500,000 each employee for bodily injury by disease. The Contractor shall be responsible for Workers' Compensation Insurance for any subcontractor who directly or indirectly provides services under this contract. This coverage must include statutory coverage for states in which employees are engaging work. If there is an exposure of injury to Contractor's employees under the U.S. Longshoremen's Harbor Workers' Compensation Act, the Jones Act, or under laws, regulations or statutes applicable to maritime employee, coverage must be included for such injuries or claims. The coverage must include waiver of subrogation against the City.

2. Commercial General Liability Insurance: The Contractor is required to provide Commercial General Liability (CGL) insurance with limits not less than \$5,000,000 combined single limit per occurrence and \$5,000,000 in the aggregate not excluding premises operations, independent contractors, products, and completed operations, broad form property damage, blanket contractual, explosion, collapse and underground hazards. **Limits may be a combination of primary and excess (umbrella) policy forms.**

3. Comprehensive Automobile Liability Insurance: Covering all owned, hired and non-owned vehicles with coverage limits not less than \$1,000,000 single limit per occurrence bodily injury and property damage.

4. Property Insurance: The Contractor shall submit to the Owner evidence of All Risk Builder's Risk Insurance for all physical loss, including earthquake and flood (100% completed value basis) upon the entire work naming the Owner, the Contractor, and the subcontractors as additional insured parties and as their interests may appear to the full contract sum thereof, until the project is completed by the Contractor and accepted by the Owner. The policy, by endorsement, must specifically permit partial or beneficial occupancy at or prior to substantial completion or final acceptance of the entire work. (Only if applicable)

A. PROOF OF INSURANCE: The Contractor shall furnish the Owner with a Certificate of Insurance or where requested by the Owner, the policy declaration page with required endorsements attached thereto showing the type, amount, effective dates, and dates of expiration of all policies. All endorsements must reference policy number and the project name and project number. The Owner is the City of Fairbanks and is to be identified on all certificates and endorsements.

B. To the fullest extent permitted by law, the Contractor shall defend, indemnify, and hold harmless the City of Fairbanks its officers, and employees from and against any and all loss, expense, damage, claim,

demand, judgment, fine, charge, lien, liability, action, cause of action, or proceedings of any kind whatsoever (whether arising on account of damage to or loss of property, or personal injury, emotional distress or death) arising directly or indirectly in connection with the performance or activities of the Contractor hereunder, whether the same arises before or after completion of the contractor's operations or expiration of this Agreement, except for damage, loss or injury resulting from the Owner's gross negligence or willful misconduct.

C. Without limiting its indemnification, the Contractor shall maintain, until acceptance of the project by the Owner, occurrence type coverage of the kinds and minimum amounts set forth above. All insurance limits are minimum. If the Contractor's policy contains higher limits, the Owner is entitled to coverage to the extent of such higher limits. The Owner, at its sole discretion, may rise or lower the limit.

SECTION 104 SCOPE OF WORK

ADD the following [new] subsections:

104-1.07 RECORD DRAWINGS. The Contractor shall maintain a "mark-up" set of plans which shall be revised by the Contractor as the work progresses to reflect current conditions. The revisions are to be indicated in a neat, well-organized manner and are to include the elevation and plan location of any utilities, structures, etc. encountered or installed.

The mark-up plans become the property of the City prior to final acceptance and payment of demobilization.

104-1.08 CLAIMS FOR ADJUSTMENTS AND DISPUTES. All submitted cost and price data must be certified according to FGC Section 54-345 COST OR PRICING DATA.

No time related claims will be compensated to the contractor for owner delay prior to the Contractual End Date.

SECTION 105 CONTROL OF WORK

Add the following NEW subsection:

105-1.18 WARRANTIES. Neither the final certificate of payment nor any provision in the Contract nor partial or entire use of occupancy of the premises by the Owner constitutes an acceptance of Work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the Work resulting therefrom which shall appear within a period of one year from the date of the substantial completion of Work, unless a longer period is specified. The Owner or Engineer will give notice of observed defects with reasonable promptness.

SECTION 106 CONTROL OF MATERIAL

106-1.03 TESTING AND ACCEPTANCE. *DELETE item 2. entirety and SUBSTITUTE the following:*

2. **ACCEPTANCE TESTING.** The City has the exclusive right and responsibility for determining the acceptability of the construction and incorporated materials.

The City will sample materials and perform acceptance tests at its expense except as otherwise stated. The cost of tests that fail to meet specification requirements will be deducted from the Contract price. Samples will be taken by a qualified testing firm or representative of the Owner. Copies of tests will be furnished to the Contractor upon request.

The Contractor shall not rely on the City's acceptance testing for its quality control. The City's acceptance testing is not a substitute for the Contractor's quality control. The Engineer may retest materials that have failed the City's acceptance test but is not required to do so.

SECTION 107

LEGAL RELATIONS AND RESPONSIBILITY TO PUBLIC

107-1.01 LAWS TO BE OBSERVED. Add to the end of the first paragraph the following: The Fairbanks General Code is available electronically from the City of Fairbanks web site: <http://www.fairbanksalaska.us/>. Under "Government" click "City Code Online Library" and it will direct you to "Code of Ordinances Fairbanks, Alaska" and notice in particular Chapter 54 - Procurement.

107-1.11 PROTECTION AND RESTORATION OF PROPERTY AND LANDSCAPE.

6. Hazardous Materials. Add the following:

- g. Fuel storage facilities may not be placed within 100 feet of water bodies and must be within an impermeable diked area having a holding capacity at least ten percent greater than that of the largest independent fuel container. Manifolded tanks and bladders are considered as a container. Vehicle refueling may not occur within the annual floodplain.

107-1.13 RESPONSIBILITY FOR DAMAGE CLAIMS. Add the following:

The Contractor's responsibility for damage claims under this section specifically includes all actionable damages, including, but not limited to, claims of damage to structures, retaining walls, utilities, machinery and vibration-sensitive business operations, caused by vibrations which are produced by the execution of this contract. The Contractor shall be liable for all expenses incurred to resolve all such damage claims, at no cost to the City.

Add the following new Subsection:

107-1.22 NOISE ABATEMENT. The contractor shall comply with FGC Section 46-42 which states, in part, as follows:

(A) A person commits the offense of disturbing the peace if:

- (3) Between the hours of 11:00 p.m. and 7:00 a.m., operates or uses a pile driver, pneumatic hammer, bulldozer, road grader, loader, power shovel, derrick, backhoe, power saw, manual hammer, motorcycle, snow machine or other instrument, appliance or vehicle which generates loud sounds or noise, after having been informed by another that such operation or use is disturbing the peace and privacy of others.

(E) Exemptions. The following sound or noise is not prohibited by this Section:

- (3) Noise necessarily produced in the course of work required to protect persons or property from an imminent peril.
- (4) Noise produced by any activity for which a permit has been issued pursuant to paragraph (E) of this Section.

(F) Applications for a permit for relief from the application of this Section to any activity on the basis of undue hardship may be made to the City Mayor or his duly authorized representative. Any permit granted by the City Mayor hereunder must contain all conditions upon which such permit has been granted and must specify a reasonable time that the permit will be effective. The City Mayor, or his duly authorized representative, may grant the relief as applied for if he finds:

- (1) Additional time is necessary for the applicant to alter or modify their activity or operation to comply with this Section; or
- (2) The activity, operation or noise source will be of temporary duration, and cannot be done in a manner that would comply with other paragraphs of this Section; and
- (3) No other reasonable alternative is available to the applicant.

However, the Mayor may prescribe any conditions or requirements he deems necessary to minimize adverse effects upon the community or the surrounding neighborhood.

SECTION 108 PROSECUTION AND PROGRESS

108-1.03 PROSECUTION AND PROGRESS. Delete the last sentence of the first paragraph in its entirety and substitute the following: The Contractor shall submit the following documents to the Engineer at least 15 working days before the preconstruction conference:

108-1.06 CONTRACT TIME, EXTENSION OF CONTRACT TIME, AND SUSPENSION OF WORK. DELETE in entirety and SUBSTITUTE the following: Time is of the essence under this Contract. The Work to be done under the Contract must be completed in its entirety within the time specified in the Contract Documents. The date of commencement will be the date established in the Notice to Proceed. If there is no Notice to Proceed, it will be the date of the agreement signed by the Owner and the Contractor.

The Engineer may at their discretion recommend that the Owner extend the time for completion of the Work without invalidating any of the provisions of the Contract and without releasing the surety. Extensions of time, when recommended by Engineer, will be based upon the effect of delays to the Project as a whole and will not be recommended for non-controlling delays to minor included portions of the work unless it can be shown that such delays did, in fact, delay the progress of the Project as a whole.

Acts of God, inclement weather, governmental regulations, labor disputes, strikes, fires, required extra work or any delay totally beyond the control of the Contractor may justify an extension of time.

No extension of time for completion will be allowed for delays or suspensions caused by or contributed to by the fault or negligence of Contractor or their subcontractors.

All time extensions requested by Contractor must be made to Engineer in writing on or before the tenth day following the day in which the alleged delay is said to have occurred and any claim for extension of time must state explicitly the reasons therefore or and the number of days claimed. Should Contractor fail to file such written claim for extension of time within the period provided they shall have abandoned any claim, therefore.

Unless otherwise provided herein, Contractor's sole remedy for any justified delay in the Work will be an extension of time, and they will be entitled to no delay damages, wage escalation, material escalation, extended overhead, or additional compensation of any kind except for such delays as maybe caused solely by any fault of Owner.

The Engineer, by written order, may suspend Work on the Project, in whole or in part, for such periods as they may judge necessary due to inclement weather, unforeseen emergency conditions, or to expedite public traffic. When the Work is suspended for one or more calendar days by order of the Engineer, the time for completion will be increased, except as hereinafter stated.

In those instances where the Engineer orders suspension of the Work for failure by the Contractor to carry out contractual provisions, or for failure to carry out orders given by the Engineer within the limits of the Contract, the Contractor will not be entitled to an increase in the time for completion.

SECTION 109 MEASUREMENT AND PAYMENT

109-1.01 GENERAL. Add the following: All payments requested by the Contractor will be developed by the Contractor in a form acceptable to the Engineer. Pay estimates will be submitted by the Contractor and must be approved by the Engineer.

109-1.02 MEASUREMENT OF QUANTITIES. Under subtitle (2) Electronic Computerized Weighing System. item (a) Computer. add the following to the end of the first sentence: ", a CD, or a USB device."

109-1.06 PROGRESS PAYMENTS. Add the following: The City shall initiate procedures to pay the Contractor according to FGC Sec. 54-105 within 15 days after the Contractor submits to the City a bill for materials provided or services performed and a sworn statement that all employees employed on the Project by the Contractor and all subcontractors have been paid not less than the established prevailing rate of pay as determined and published by the State of Alaska, Department of Labor.

Progress payments under the Contract will be made at the request of the Contractor based upon pay estimates to be furnished by the Contractor and approved by the Engineer. The Engineer reserves the right to alter quantities claimed in the partial estimate to reflect what are, in Engineer's opinion, the true quantities for the payment time period.

109-1.08 FINAL PAYMENT. DELETE the first sentence of the first paragraph and substitute the following: When the project has been completed as provided in Subsection 105-1.15, the Contractor will prepare for approval by the Engineer the final estimate of the quantities of the various classes of work performed.

Add the following to the last sentence of the first paragraph: and the Consent of Surety Company to Final Payment form is executed and received.

END OF SECTION

PART IV - TECHNICAL & SPECIAL PROVISION

SECTIONS 200s-700s OF THE ALASKA DEPARTMENT OF TRANSPORTATION & PUBLIC FACILITIES
STANDARD SPECIFICATIONS FOR HIGHWAY CONSTRUCTION, 2020 EDITION, ARE HEREBY ADOPTED BY
REFERENCE FOR THIS PROJECT, AND MODIFIED AS FOLLOWS:

**SECTION 202
REMOVAL OF STRUCTURES AND OBSTRUCTIONS**

202-3.01 GENERAL. Add the following paragraphs: Remove and dispose of any existing utilities that are in conflict with the construction of new utilities, including but not limited to storm drain, sanitary sewer, and water systems. Existing utilities are not to be removed until temporary services have been provided, or the new utilities have been installed, tested, and approved by the Engineer.

All existing structures that are to be abandoned within right-of-way, easements (temporary or permanent), or project limits shall have all penetrations plugged by an approved method, be saw-cut to a minimum of 4 feet below finish grade and be filled with clean backfill material.

All existing pipe or conduit that are to be abandoned within right-of-way, easements (temporary or permanent), or project limits shall have all open ends plugged by 12" of sprayed urethane foam, 4" of concrete, or filled with slurry, as shown on plans or directed by the Engineer.

202-3.03 REMOVAL OF BRIDGES, CULVERTS, AND OTHER DRAINAGE STRUCTURES.

1. Culverts and Minor Structures. Add the following after the last sentence: Any pipe that is not in conflict with the construction of new facilities shall be abandoned in place in accordance with 202-3.01 GENERAL and the plans. All removed existing storm drain. All removed drainage structures are to be delivered to City of Fairbanks Public Works yard at 2121 Peger Road.

Delete subsection 202-3.04 REMOVAL OF PIPE in its entirety and substitute the following:

202-3.04 REMOVAL OF PIPE. Contractor is to remove any pipe that is in conflict with construction of new facilities. All removed storm drain pipe, sanitary sewer conduit or water conduit is to become the property of the contractor. Any pipe or conduit that is not in conflict with the construction of new facilities shall be abandoned in place in accordance with 202-3.01 and the Plans.

Add the following subsections:

202-3.07 SUPPORT OF EXISTING POLES AND APPURTENANCES. By any means necessary, provide temporary support of existing utility poles, signal poles, luminaire poles, yard poles, anchors, fencing, and other associated poles and appurtenances which are affected by construction activities. Maintain existing power and communications, by any means necessary.

202-3.08 PROTECTION OF EXISTING PLANTS. Where plant roots are exposed by sidewalk or other structure removal operations, at the direction of the Engineer, either clip exposed roots or place roots into a temporary mulched bed and water thoroughly. Clip roots that will be under sidewalk that is not placed over street tree planting cells. Mulch roots that are back of sidewalk or will be in street tree planting cells. Where placed in a temporary mulched bed, keep damp for the full period that plant roots are exposed. Through the Engineer, coordinate with Owner by providing 48-hours' notice prior to structure removal where roots may be exposed to allow the Owner to observe removal operations and determine whether uncovered roots are to be clipped or protected.

202-5.01 BASIS OF PAYMENT. Delete the first paragraph and substitute the following:

Item 202.0001.0000 Removal of Structures and Obstructions. Payment includes removing, salvage of, disposing of, or relocating of, all structures and obstructions, abandonment of existing structures, pipe, or conduit, and everything described in the above subsections, encountered within the right-of-way, easements (temporary and permanent), and project limits, under the provisions of this subsection, that are not to be paid for under separate bid items within the bid schedule.

Payment also includes preserving, protecting, or replacing existing landscaping, structures, or other appurtenances to original/existing conditions.

Payment includes the temporary support, by any means necessary, of existing utility poles, signal poles, luminaire poles, yard poles, anchors, fencing, and other associated poles and appurtenances. Payment also includes any means necessary required to maintain existing power and communications.

Payment to provide temporary services is subsidiary and will not be paid for as extra work.

SECTION 203 EXCAVATION AND EMBANKMENT

01/20/15 (N8)

203-3.01 GENERAL. Add the following to the eighth paragraph: Disposal in wetlands is prohibited, except as described in Subsection 107-1.11.

Add the following after the eighth paragraph: The Contractor shall certify in writing to the Engineer that all permits and clearances relating to all waste disposal sites selected by the Contractor have been obtained prior to any clearing or ground disturbance in the disposal site.

11/30/2020 (HSM20-5)

203-3.04 COMPACTION WITH MOISTURE AND DENSITY CONTROL. In the second paragraph delete the words "and ATM 214".

SECTION 301 AGGREGATE BASE AND SURFACE COURSE

11/30/2020 (HSM20-5)

301-3.03 SHAPING AND COMPACTION. In the second paragraph delete the words "and ATM 214".

SECTION 401 HOT MIX ASPHALT PAVEMENT

401-2.08 RECYCLED ASPHALT PAVEMENT. Add the following: The maximum amount of RAP in the HMA is limited to 10%.

401-2.09 JOB MIX DESIGN. Delete the last two rows of Table 401-1 HMA MARSHALL DESIGN REQUIREMENTS.

Delete Section 618 in its entirety and substitute the following:

02/01/20 (N30)

SECTION 618 SEEDING

618-1.01 DESCRIPTION. It is the intent of this work that a uniform living vegetative cover be established according to the Plans and Specifications. This work consists of soil preparation, seeding, fertilizing, mulching, and establishing, and maintaining vegetated areas.

618-2.01 MATERIALS. Use materials that conform to the following:

Seed	Section 724
Fertilizer	Section 725
Mulch	Subsection 727-2.01
Water	Subsection 712-2.01

CONSTRUCTION REQUIREMENTS

618-3.01 SOIL PREPARATION. Clear all areas to be seeded of stones 4" and larger in diameter and of all weeds, plant growth, sticks, stumps and other debris or irregularities which may interfere with the seeding, establishment, and maintenance of the vegetated areas.

Prior to the application of seed, prepare slopes using one or more of the following methods, or as approved by the Engineer:

1. Manual Raking – Requires manual labor with landscaping rakes to produce a uniform pattern of grooves perpendicular to the fall of the slope.
2. Mechanical Raking - Requires the use of a scarifying slope board to produce grooves with an approximate width and depth of 1", and no more than 6" apart. The resultant indentations shall leave a uniform pattern of grooves perpendicular to the fall of the slope.
3. Mechanical Track Walking - Requires operating tracked equipment in such a manner as to leave a uniform pattern of grooves perpendicular to the fall of the slope.

618-3.02 SEEDING SEASON. Perform seeding after the ground is free of snow and no sooner than May 15 and no later than August 15. Perform seeding when wind conditions, climatic conditions, and soil conditions will not hinder seeding and establishment.

618-3.03 APPLICATION METHOD. Use the Hydraulic Method. You must obtain the Engineer's permission to use the Mechanical Method.

Hydraulic Method:

1. Seeding by the hydraulic method consists of furnishing and placing a slurry of dye, seed, fertilizer, trace mulch, water, and a second application of mulch.
2. Do not place seed in the slurry prior to 30 minutes before application.
3. Add the proportionate amount of seed to the water slurry in the hydraulic seeder after the proportionate amounts of trace mulch and fertilizer have been added.
4. Apply the slurry mixture in a manner that results in an even distribution of all materials. Apply seed, fertilizer, and trace mulch together in one application.
5. Hydraulic seeding equipment must maintain continuous slurry agitation so that a homogeneous, uniform mixture is applied through a spray nozzle, for the complete tank load. The pump must be capable of producing sufficient pressure to maintain a continuous, nonfluctuating spray capable of reaching the extremities of the seeding area with the pump & nozzle unit located on the roadbed. Provide sufficient hose to reach areas not practical to seed from the pump & nozzle unit situated on the road bed.
6. A second application of mulch shall be applied within 24-hours after seeding. Mulch shall be furnished and evenly applied at the rates required for temporary stabilization per the manufacturer's recommendations and according to Subsection 727-2.01. Mulch sprayed on signs or sign structures shall be removed the same day.

Mechanical Method:

1. Use mechanical spreaders, seed drills or other approved mechanical seeding equipment when seed and fertilizer are to be applied in dry form.
2. Water seeding area both prior to and after the application of fertilizer.
3. Spread fertilizer separately from seed.
4. An application of mulch shall be applied within 24-hours after seeding. Mulch shall be furnished and evenly applied at the rates required for temporary stabilization per the manufacturer's recommendations and according to Subsection 727-2.01. Mulch sprayed on signs or sign structures shall be removed the same day.

618-3.04 APPLICATION RATE. Apply seed, fertilizer, and trace mulch at the rates specified in the table below:

MATERIALS	TYPE	APPLICATION RATE PER 1,000 SQUARE FEET
Seed*	'Nortran' Tufted Hairgrass	1.0 lb
	'Wainwright' Slender Wheatgrass	0.4 lb
	'Arctared' Red Fescue	0.4 lb
	Annual Ryegrass	0.2 lb
	Total	2 lb
Fertilizer	20-20-10	20 lb
Trace mulch**	See Subsection 727-2.01	20 lb

* Do not remove the required tags from the seed containers.

** Trace mulch application rate may be adjusted according to the manufacturer's recommendations when approved by the Engineer. Trace mulch is not required for mechanical seeding.

618-3.05 MAINTENANCE. Protect seeded areas against erosion and sedimentation. Protect seeded areas against traffic by approved warning signs or barricades. Water seeded areas, in a non-erosive manner, as required to establish a uniform living perennial vegetative cover. Be responsible for identifying, retracking, reseeding, refertilizing and remulching gullied or otherwise damaged areas. The second application of mulch shall be maintained so it properly performs its temporary stabilization function until final stabilization is achieved. Rescarify, reseed, refertilize and remulch unproductive areas as directed by the Engineer.

618-3.06 PERIOD OF ESTABLISHMENT. The establishment period extends until a uniform (e.g. evenly distributed, without large bare areas) perennial living vegetative cover with a density of 70 percent of the native background vegetative cover is established.

618-3.07 ACCEPTANCE. The Engineer will accept seeding when a uniform (e.g. evenly distributed, without large bare areas) perennial living vegetative cover with a density of 70 percent of the native background vegetative cover is established.

618-4.01 METHOD OF MEASUREMENT.

Seeding by the Square Yard. By the area of ground surface acceptably seeded and maintained. Soil preparation, seed, fertilizer, all much, dye, and water required for seed and fertilizer application will not be measured directly for payment and is subsidiary.

618-5.01 BASIS OF PAYMENT. The accepted quantity will be paid for at the contract unit price of measurement, for the pay items listed below that appear on the bid schedule.

Watering seeded areas per Subsection 618-3.05 will not be measured directly for payment and is subsidiary.

Identifying, retracking, reseeding, refertilizing and remulching gullied or otherwise damaged areas will not be measured directly for payment and is subsidiary.

Payment will be made under:

Pay Item	Pay Unit
618.0001.0000 Seeding	Acre
618.0002.0000 Seeding	Pound

618.0003.0000 Water for Seeding	M Gal.
618.0004.0000 Seeding	Square Yard

**SECTION 639
DRIVEWAY**

639-5.01 BASIS OF PAYMENT. *Add the following:*

All work required to prepare the driveway subgrade for the installation of the HMA is subsidiary to pay item 639.0001.0000. Work shall include all material, labor, supervision, excavation, and incidentals. Aggregate Base Course Grading D-1 and HMA for driveways will be paid under 301.0001.00D1 and 401.0001.002B pay items.

**SECTION 640
MOBILIZATION AND DEMOBILIZATION**

640-1.01 DESCRIPTION. *Add the following:* This item shall also consist of final project closeout and cleanup operations, including, but not limited to, those necessary for the removal of equipment, supplies, incidentals, and debris from the project site, cleaning the streets and sidewalks of all soils and construction debris, correction of all deficiencies in the work, and for all other work required by the Engineer which must be performed, or costs incurred, prior to final acceptance by the City not paid for by other contract pay items.

640-4.01 METHOD OF MEASUREMENT. *Delete in its entirety and substitute the following:*

1. When you earn five percent (5%) of the original Contract amount from other bid items: fifty percent (50%) of the amount bid for mobilization and demobilization, or five percent (5%) of the original contract amount, which is less, will be paid.
2. The remaining balance of the amount bid for this item will be paid upon completion of all work required under the Contract.

**SECTION 642
CONSTRUCTION SURVEYING AND MONUMENTS**

Add the following subsection:

642-1.03 SUBMITTALS.

1. Field Books: All field books shall become the property of the Department prior to final acceptance.
2. As-builts: Contractor shall provide as-built data in both hard-copy mark-up and AutoCAD format to the Department prior to final acceptance.

01/20/15 (N34)

642-3.01 GENERAL. *Delete the fifth paragraph and substitute the following:* Follow the Department's Construction Surveying Requirements, or if GPS survey is approved by the Engineer, use the Alaska Survey Manual GPS Surveys 2010 (rev. 8/15/10).

Add the following to the last sentence in the second to the last paragraph: or the Alaska Survey Manual GPS Surveys 2010 (rev. 8/15/10).

642-3.02 CROSS-SECTION SURVEYS. *Add the following to the first paragraph:* or the Alaska Survey Manual GPS Surveys 2010 (rev. 8/15/10).

Delete numbered paragraph 4 of the second paragraph in its entirety and substitute the following: Department's Construction Surveying Requirements or the Alaska Survey Manual GPS Surveys 2010 (rev. 8/15/10).

Add the following subsection:

642-3.06 RECORD DRAWINGS. Maintain a "mark-up" set of plans that are revised as the work progresses to reflect current conditions. The revisions are to be indicated in a neat, well-organized manner and are to include the elevation and plan location of any utilities, structures, etc. encountered or installed.

A "Record" survey book will be kept and shall include the following items:

1. The location and elevation of all existing utilities, structures, etc., encountered.
2. The location and elevation of all newly constructed utilities including storm drainage piping and structures.

All record notes will be kept in a book(s) designated "Record." No other survey notes will be kept in books designated "Record".

Constantly and continuously maintain the mark-up set of drawings with information complete about the horizontal and vertical location of all structures encountered or installed. These drawings will be reviewed by the Engineer with each pay request. Pay will not be processed unless this "mark-up" set is maintained and approved by the Engineer.

Collect and maintain AutoCAD as-built information complete with horizontal and vertical locations of all structures encountered or installed.

The mark-up plans, as-built information, and "Record" books shall become the property of the Department prior to final acceptance and payment of demobilization.

642-5.01 BASIS OF PAYMENT. Add the following: All work and resources required to produce, maintain, and finalize the record drawings are subsidiary to pay item 642.0001.0000 Construction Surveying.

SECTION 643 TRAFFIC MAINTENANCE

01/02/24 (HSM20-45)

643-1.04 WORKSITE TRAFFIC SUPERVISOR. Replace Item 1. Qualifications with the following:

1. Qualifications. Provide a Worksite Traffic Supervisor knowledgeable and experienced regarding the requirements of the ATM and the implementation of those requirements. Provide a Worksite Traffic Supervisor familiar with the Plans, the Specifications, proposed operations, and certified as one of the following:
 - a. Traffic Control Supervisor, American Traffic Safety Services Association (ATSSA)
 - b. Traffic Control Supervisor, Laborers' International Union of North America (LIUNA)
 - c. Work Zone Temporary Traffic Control Technician, International Municipal Signal Association (IMSA). After December 31, 2026 IMSA certification will not be acceptable and the Worksite Traffic Supervisor must have training under a. or b.

Certify according to Form 25D-124 that the Worksite Traffic Supervisor has a minimum 4000 hours of temporary traffic control work experience, is competent and capable, and has the authority to perform the duties and responsibilities in accordance with this section.

- d. Temporary traffic control work experience shall demonstrate an understanding of concepts, techniques, and practices in the installation and maintenance of traffic control devices, and skill in reading, interpreting, implementing, and modifying TCPs.
- e. Temporary traffic control work experience includes: flagging; installing traffic control devices in accordance with TCPs; monitoring traffic control devices and TCP performance; and recognizing and reporting deficiencies in traffic control devices and TCPs for correction.
- f. Temporary traffic control work experience is gained while serving as a Worksite Traffic Supervisor-in-training, temporary traffic control support personnel, and Flagger.
- g. Four thousand hours of experience serving solely as a Flagger does not satisfy these requirements.

Worksite Traffic Supervisors shall maintain current certification and be able to show their certification anytime they are on the project.

12/31/21 (HSM20-30)

643-2.02 CRASHWORTHINESS. Delete Table 643-2 and substitute the following:

**TABLE 643-2
WORK ZONE TRAFFIC CONTROL DEVICE AND
BARRIER CRASH TESTING COMPLIANCE**

Category	Devices	Devices Manufactured Before Dec. 31, 2019 ¹	Devices Manufactured After Dec. 31, 2019 ¹	Method of Documentation
1	Low-mass single-piece devices w/o attachments: traffic cones, tubular markers, single piece drums, delineators	NCHRP 350, MASH 2009, or MASH 2016	MASH 2016	Manufacturer's Certification for devices exceeding height and weight limits
2	Category 1 devices with attachments, barricades, portable sign supports, drums w/lights, other devices weighing less than 100 pounds but not included in category 1	NCHRP 350, MASH 2009, or MASH 2016	MASH 2016	FHWA eligibility letter, at Test Level 3 ²
3	Fixed sign supports, truck mounted attenuators, temporary crash cushions, bridge railing, bridge and guardrail transitions, and guardrail and barrier end treatments.	NCHRP 350, MASH 2009, or MASH 2016	MASH 2016	FHWA eligibility letter, at Test Level 3 ²
	Portable concrete and steel barriers	NCHRP 350, MASH 2009, or MASH 2016	MASH 2016	FHWA eligibility letter, at Test Level 3, unless otherwise required in the contract.

¹ The Engineer will determine whether a device is in serviceable condition. Serviceable means the device will function equivalent to a new device of the same manufacture.

² When no test level is specified in an FHWA Eligibility letter; it is implied that the tests were run for Test Level 3

643-3.01 GENERAL CONSTRUCTION REQUIREMENTS. Delete the second paragraph and substitute the following:

All holes and excavation inside or outside the work areas are to be protected by chain link fence or as approved by the Engineer.

On-site construction activities in City of Fairbanks city limits are limited to between 7 AM and 11 PM in order to comply with Fairbanks General Code Section 46-42 Disturbing the Peace. Nighttime closures shall only be permitted if approved by the Engineer and in compliance with an approved TCP and a City of Fairbanks noise waiver, where applicable. Noise waivers, where applicable, must be approved by the Fairbanks City Mayor. The Contractor shall submit to the City of Fairbanks City Engineer their work plan describing the details on why, when, and how long the waiver is requested.

Pedestrian flaggers shall be used to keep pedestrians out of the work zone and to ensure the safety of the pedestrians within the project limits.

Replace the last paragraph with the following: Immediately notify the Engineer as soon as an employee or a subcontractor becomes aware of any traffic related crash that occurs within the project limits, between construction warnings signs, along a detour route, or involving traffic in a queue back up from project work. Within 3 days fill out the information on Form 25D-123 Work Zone Crash Report and submit a copy to the Engineer.

643-3.04 TRAFFIC CONTROL DEVICES. Replace Item 4. Flagging with the following:

4. Flagging. Furnish trained and competent flaggers and all necessary equipment, including lighting of the flagging position during nighttime operations, to control traffic through the traffic control zone. The Engineer will approve each flagging operation before it begins and direct adjustments as conditions change.

Flaggers must be certified as one of the following:

- a. Flagger by ATSSA
- b. ATSSA Flagging Instructor
- c. Flagger by LIUNA
- d. Traffic Control Technician, LIUNA
- e. Work Zone Temporary Traffic Control Technician, IMSA

After December 31, 2026 IMSA certification will not be acceptable and flaggers must have training under a through d.

Flaggers shall maintain current flagger certification. Flaggers must be able to show their flagger certification anytime they are on the project.

Flaggers must maintain their assigned flagging location at all times, unless another qualified flagger relieves them, or the approved traffic control plan terminates the flagging requirements. Remove, fully cover, or lay down flagger signs when no flagger is present. Keep the flaggers' area free of encumbrances. Keep the flagger's vehicle well off the roadway and away from the flagging location so the flagger can be easily seen.

Provide approved equipment for two-way radio communications between flaggers when flaggers are not in plain, unobstructed view of each other.

Obtain the Engineer's written approval before flagging signalized intersections. When flagging a signalized intersection, either turn off and cover the traffic signal or place it in the All-Red Flash mode. Coordinate changing traffic signal modes and turning off or turning on traffic signals with the agency responsible for signal maintenance and operation and the Engineer. Get their written approval in advance. Only uniformed police officers are permitted to direct traffic in an intersection with an operating traffic signal.

02/01/2022 (HSM20-39)

643-3.06 TRAFFIC PRICE ADJUSTMENT. Delete Table 643-3 Adjustment Rates in its entirety and substitute the following:

**TABLE 643-3
ADJUSTMENT RATES**

Published ADT	Dollars/Minute of Unauthorized Lane Reduction or Closure
Less than 1,000	\$6
1,000-4,999	\$25
5,000-9,999	\$75
10,000-29,999	\$105
30,000+	\$150

Add the following to the second paragraph: Exceeding any of the maximum allowable traffic restriction durations, or violating any of the criteria, listed in Subsection 643-3.08, is considered an unauthorized lane closure and are subject to a traffic price adjustment as directed by the Engineer.

Add the following subsection:

643-3.12 PUBLIC INFORMATION. Provide a Public Information (PI) professional to accomplish the work outlined in this subsection. The PI professional shall be familiar with the construction schedule, progress and traffic control; provide information to the general public and affected residents/businesses in the project area, closure duration and detour routes; and act as liaison between residents/businesses and construction superintendents to schedule required access to residences/businesses through areas of construction, etc. The PI professional shall participate in the Preconstruction Conference. The PI Professional shall be responsible for public interaction; preparing graphics; developing and maintaining mailing lists; supplying updated information; and all labor, equipment, postage, and materials to provide this service. The PI Professional's office shall be equipped with a facsimile machine and email.

Failure to provide public or agency notice, or failure to provide submittals required by this subsection may result in delays to planned construction.

The PI professional shall be responsible for the following tasks of the PI Program:

1. Support for Business and Resident Flier Information and Distribution. Submit to the Engineer for review and approval, information to be included in hand-delivered fliers to all businesses and residents within project limits. Hand deliver the fliers during the house of 8 a.m. to 5 p.m. to adjacent businesses and residences. Flier information shall contain the same information as listed in 643-3.12 as well as the following:
 - a. A description of impacts that residents, business owners, employees or customers may experience during the project
 - b. The Contractor's anticipated construction schedule, describing the sequence and location of activities within the corridor

Distribute fliers at the following times:

- a. Two weeks before construction begins
 - b. One week prior to major impacts/start of new phase or work segment
 - c. Minimum of 48 hours, but not more than 4 calendar days prior to restricting access onto private or business property.
2. Utility Outage Notifications. Provide written notice to property owners and tenants a minimum of 48 hours prior to any utility outage.
 3. Agency Notification. Notify the following Agencies at least 1 week prior to starting any work which will potentially impede all modes of traffic. Information on project area duration and detour routes should be provided.
 - a. City Police Department
 - b. City Fire Department
 - c. State Troopers
 - d. Borough Transit
 - e. School District (if during school season)
 - f. US Postal Service
 4. In instances of emergencies, utility shutdowns, changes in traffic patterns or other unanticipated impacts to motorists, bicyclists and pedestrians, or residences/businesses within the project corridor, coordinate with the Engineer immediately.

643-4.01 METHOD OF MEASUREMENT.

1. Traffic Maintenance. *Delete and substitute the following:* No measurement of quantities shall be made. Traffic Maintenance shall be Lump Sum.

Add the following:

17. Public Information. No measurement of quantities shall be made. Public information shall be subsidiary.

643-5.01 BASIS OF PAYMENT.

Add the following to 1. Traffic Maintenance:

Payment at the contract lump sum price shall be for full compensation for furnishing all supervision, labor, materials, equipment, devices, public information, and subsidiary items necessary to implement each approved TCPs (including any or all component parts that comprise the setup), ensure the safety of the traveling public, and maintain access to all residences and businesses during construction for the project setup shown on Plans. Traffic Maintenance Setups all include payment for maintenance of side streets and any temporary sidewalks, pedestrian paths, and fencing to maintain access to residences, facilities, and businesses and to keep pedestrians out of the work zone and to ensure the safety of the pedestrians within the project setup area. Any adjustments to the approved TCPs are subsidiary. Watering for dust control directed by Engineer is also subsidiary.

All labor, materials, and equipment required to install, maintain, and remove temporary chain-link fence around excavation areas will not be measured for payment but is subsidiary.

All work, materials, and associated costs for publishing notices, preparation and distribution of mail outs or flyers; public liaison and other project related communication is subsidiary to pay item 643.0002.0000 Traffic Maintenance.

SECTION 671 TRAFFIC CALMING DEVICES

Add the following new Section 671

671-1.01 DESCRIPTION. Construct Speed Hump at the locations shown on the Plans.

671-3.01 CONSTRUCTION. Construct Speed Hump as shown on the Plans.

671-4.01 METHOD OF MEASUREMENT. By the number of Speed Humps constructed.

671-5.01 BASIS OF PAYMENT. All work and materials needed to install the Speed Hump shall be subsidiary to Pay Item 671.2000.0000. Painted chevrons and signage for speed hump are subsidiary.

Add the following pay item:

Pay item	Pay Unit
671.2000.0000 Speed Hump	Each

SECTION 702 ASPHALT MATERIALS

08/04/22 (N82)

702-2.01 ASPHALT BINDER. Delete the first paragraph and substitute the following: Meet AASHTO M 320 for PG 52-28 binder.

702-2.03 EMULSIFIED ASPHALT.

1. Cationic Emulsified Asphalt. Add the following: CRS-2P shall meet AASHTO M 316, except the penetration value shall be 100 – 200 mm.

SECTION 703 AGGREGATES

12/08/15 (N63)

703-2.09 SUBBASE. Add the following:

Subbase, Grading F. Aggregate containing no muck, frozen material, roots, sod or other deleterious matter and with a plasticity index not greater than 6 as tested by ATM 204 and ATM 205. Table 703-8 and the first paragraph of Subsection 703-2.09 do not apply to Grading F. Meet the following gradation as tested by ATM 304:

Sieve	Percent Passing by Weight
2 in	100%
No. 4	15-65%
No. 200	0-6%

Delete Section 724 in its entirety and substitute the following:

12/10/20 (N51)

SECTION 724 SEED

724-2.01 DESCRIPTION. This specification provides the requirements for grass seed, used to provide a living vegetative cover.

724-2.02 MATERIALS. Furnish seed true of genus and species. Meet applicable requirements of the State of Alaska *Seed Regulations*, Alaska Administrative Code, Title 11, Chapter 34 (11 AAC 34), and the Federal Seed Act, 7 CFR Part 201. Seed shall meet or exceed the percentages of purity and germination as specified in Table 724-1.

The Contractor may propose an alternate seed mix to the Engineer. Alternate seed mix proposals must include confirmation that the Alaska Plant Materials Center finds the proposed seed mix suitable for use on the project, and that the vendor can provide the proposed seed mix in quantities adequate for the project. The Engineer will determine the acceptability of the proposed alternate for use on the project.

Grass seed shall be furnished in standard containers on which shall be shown the following information:

- (1) common accepted name of the specie (kind) and cultivar (variety) of the seed;
- (2) country or state where the seed was grown;
- (3) total percentage by weight of pure seed;
- (4) total percentage by weight of all weed seed;
- (5) total percentage by weight of inert matter;
- (6) total percentage by weight of other crop seed;
- (7) name and approximate number per pound of each kind of restricted noxious weed seed;
- (8) percentage of germination of the seed, together with the month and year the seed was tested;
- (9) percentage of hard seed, if any is present;
- (10) name and address of the person labeling the seed or selling, offering, or exposing the seed for sale within the state; and
- (11) lot number or other lot identification.

If furnished as a premixed seed, the containers shall state that the seed is a mixture; the name of the species and cultivars of seed; and total percentage by weight of each species of seed present in order of predominance; and the information listed above: (4), (5), (7), (8), (10) and (11).

Furnish seed certified to be free of prohibited noxious weeds or quarantined pests, and certified to contain no more than the maximum allowable tolerances for restricted noxious weeds, according to 11 AAC 34. Prohibited and restricted noxious weeds are listed in 11 AAC 34.020, and can be viewed at the following URL: <http://plants.alaska.gov/invasives/noxious-weeds.htm>

Seed found to contain prohibited noxious weeds or quarantined pests will be rejected, according to 11 AAC 34.020(a) and 11 AAC 34.105 through 34.180, respectively.

Seed found to contain restricted noxious weed seed in excess of the maximum allowable tolerance per pound will be rejected, according to 11 AAC 34.020(b).

The Contractor shall furnish to the Engineer duplicate copies of a statement signed by the vendor certifying that each lot of seed has been tested by a recognized seed testing laboratory. Seed that has not been tested within nine (9) months shall be rejected. The Contractor shall not remove tags from the seed containers. Seed containers that do not have tags shall be rejected. Discrepancies in the lot numbers listed on the statement to the lot numbers indicated on the tags of the seed containers shall be grounds for rejection. Seed which has become wet, moldy, or otherwise damaged in transit or storage will not be accepted. The Contractor shall immediately remove rejected seed from the project premises.

TABLE 724-1
SEEDING REQUIREMENTS

SPECIES (KIND)	CULTIVAR (VARIETY)	PERCENT PURITY	PERCENT GERMINATION	PURE LIVE SEED (PERCENT PURITY X PERCENT GERMINATION)
American Sloughgrass	Egan	90	80	72
Annual Ryegrass	---	85	80	68
Alpine Bluegrass	Gruening	90	90	81
Beach Wildrye	Benson, Reeve	95	40	38
Bering Hairgrass	Norcoast	95	75	71
Bluejoint	Sourdough	95	75	71
Brome	Manchar, Polar	90	80	72
Glaucous Bluegrass	Tundra	95	80	76
Kentucky Bluegrass	Merion, Nugget, Park	95	80	76
Perennial Ryegrass	---	85	80	68
Polargrass	Alyeska, Kenai	95	75	71
Red Fescue	Arctared, Boreal, Pennlawn	98	80	78
Timothy	Climax, Engmo	95	90	85
Tufted Hairgrass	Nortran	95	75	71
Wheatgrass	Wainwright	95	85	81

**SECTION 725
FERTILIZER**

01/20/15 (N52)

725-2.02 MATERIALS. Add the following: Fertilizer which has become wet, moldy or otherwise damaged in transit or storage will not be accepted. The Contractor shall immediately remove rejected fertilizer from the project premises.
