### The UWTVA Community Fund:

Contributions to the Community Fund are flexible funds that are spread throughout our service area where the need is greatest. Community members make funding decisions based on a thorough process. Funds support local programs coordinated by organizations referred to as Community Partners.

### The Hope Fund:

The Hope Fund provides assistance for unmet needs of children, removing barriers to enable low-income children to engage in a wide variety of experiences/opportunities such as after-school programs, camps, athletic team participation, etc. We are building a brighter future one child at a time.

### The Very Basics Fund:

Food, fuel and shelter programs are supported through The Very Basics Fund, helping our community stay fed, warm, and housed.

### Special Initiatives:

#### *Packs for Progress*

Through this popular program, school supplies and backpacks are collected for students throughout the region who otherwise may not be able to afford them. More than 600 are distributed annually.

#### *Tools for Teachers*

Totes of school supplies and other needed items identified by teachers (such as underwear and cleaning wipes) are delivered to 17 area schools through Tools for Teachers.

#### *Western Maine CASH Coalition*

This free tax program helps save tax preparation fees and connects filers to resources to help them earn, keep and grow their hard-earned money.

#### *Community Energy Challenge*

The Community Energy Challenge is a volunteer-led interior window panel project that saves money and energy costs and keeps people warm. Thousands of custom-made window panels have been made since 2009.

#### *The Pantry Project*

The Pantry Project seeks donated food and cash at area businesses and organizations that is then donated to area food pantries.
