Handwritten text on a scroll, likely a list or index, written in Arabic script. The text is arranged in approximately 15 horizontal lines, though the characters are too faint to transcribe accurately. It appears to be a structured list of items or names.

Tools: Zester and whisk

The zester makes the lemon skin into tiny pieces. The whisk makes sauces smooth.

I use these tools in the kitchen. They are important to me to make delicious meals for my family like haddock florentine.

My tools are in my purse. They are my house key, my lanyard with my school ID's and key cards. Also, my cell phone and charger.

The work my tools do is to open doors for me and keep me in touch with family, my office and friends.

The keys are specific to the doors they open. My cell phone is unique to me and the charger keeps it alive.
