

On April 23rd a team of 15 volunteers arrived in Guatemala ready to serve.

During our stay we worked for two days registering 85 students for the His Hands Support Ministries sponsorship program.

There were many familiar faces of students and staff but also many new ones. The incoming class of 24 first graders was added to the list and will be posted for sponsorship on the website.

We currently have 29 of 85 students sponsored, falling far short of the goal for the school. Please share with friends and family the need for more sponsors!

On the third day the team hosted an activity day for the students with crafts, games, a puppet show, and snacks. At the end of the event each student received a pencil bag with school supplies and treats.

A NEW HOUSE AND STOVE!

The team of 15 were able to build three houses and stoves for families in Guatemala in three days. One of the houses is where a new student at the school lives. At the end of the day of construction, the family is prayed for and given the key to their new house!

SPONSORS MAKE A BIG DIFFERENCE!

Sponsors sometimes join us on trips and get to meet their sponsored child. The look on Benjamin's face when he met Bonnie, his sponsor, was priceless!

A sponsor sent art supplies and gifts as well as money for food for her child's family. The team was able to help deliver the food to her house which was such a blessing for her family and for the team.

During our visit the students' families received a food distribution of rice, maize, beans and much more! It was nice to see the students with their packed lunches from the food that was sent home.
