

YCAMP STAFF SWIMWEAR GUIDELINES

Staff swimwear should be supportive and professional.

*see below

Swimwear needs to be appropriate for the job function, modest, clean, and allow the wearer to present themselves with confidence - performing the job with the security and knowledge that nothing is going to ride up or slide off.

Male staff members need to choose trunk style, or board short style suit bottoms that tie, or otherwise latch, securely. Rash guards (or other tops) should be worn to provide torso coverage when appropriate and desired.

Female staff members should choose an athletic style one- or two-piece bathing suit, with straps, that provides full to moderate coverage at the top and bottom.

*cheeky suits will ride up

IF IN DOUBT, REACH OUT.

YCAMP STAFF CAN PROVIDE SUGGESTIONS FOR WHERE TO BUY SWIMSUITS
