## SAFETY TIPS

Please help conserve your public lands by staying on designated roads or trails, checking on fire restrictions before your visit and respecting rock art.

**WATER** - Drink about one gallon of water per day if hiking in direct sunlight. Dehydration can happen even in fall and winter months. Water in natural springs have not been tested and should be left for use by wildlife.

**PROTECTIVE GEAR** - Select shoes that will provide a comfortable fit, ankle stability and protection against cactus spines. Wear clothes that provide protection against the sun (hats, long sleeve, long pants, etc.) and apply sunscreen.

**DESERT DWELLERS** - Watch where you put your hands and feet. Snakes, scorpions, or venomous spiders may be sheltered behind boulders or under rocks and shrubs. Do not touch or harm these animals.

**CHECK IN** - Let friends and family members know where you are going and what time you expect to be back. Cell phone service is often not reliable or unavailable.

**VALUABLES** - Take your wallet and other valuables with you. Do not leave them in your vehicle. Keep your vehicle locked at all times.

IN CASE OF EMERGENCY: DIAL 911 OR 702-293-8998

Mileage from Contact Station to Shadow Canyon Trailhead - 5 miles; drive time: 10 min

Mileage from Contact Station to Hidden Valley - 22 miles; drive time: 60 min

Mileage from Contact Station to McCullough Hills Trail - 19 miles; drive time: 30 min

Mileage from Contact Station to Anthem East Trail - 6 miles; drive time: 12 min
