

# DESIGNED AND MANUFACTURED FOR THE BOATING INDUSTRY

# MARINEVENT®

Drainage and Ventilation Mat

# NOTHING REDUCES MOISTURE BUILD-UP ON THE WATER LIKE

MarineVent® is a revolutionary drainage and ventilation mat that creates an open space between cushions or other objects and your boat. By allowing air to flow, it dries up any moisture present.

**A TYPICAL MATTRESS TRAPS  
WARM, MOIST AIR.**

**MARINEVENT® FACILITATES AIR  
CIRCULATION, REDUCING  
CONDENSATION, MOLD & MILDEW.**

MarineVent® is the most cost-effective and durable solution to reduce the dampness of condensation under mattresses, cushions and more.

It can also be used as a screen to prevent debris from clogging bilge pump intakes and floating switches.

# MARINEVENT® WORKS TO REDUCE MOISTURE BUILD-UP IN EVERY CORNER OF YOUR BOAT.

- Seat Cushions
- Marine Batteries
- Mattresses
- Coolers
- Storage Compartments

# PRODUCT DATA

MarineVent® is an entangled web with a 90% open-weave design for optimal drainage and ventilation. Our entangled matrix is manufactured out of a proprietary composite.

Available with or without a breathable fabric heat-bonded onto one side, MarineVent® is sold in rolls and easily trimmed with scissors to any desired dimension. It requires no mechanical fasteners to install.

## Specs

Thickness	.75" (19.05 mm)
Roll Weight	20 lbs (9.07 kg)
Roll Width	39" (99.06 cm)
Roll Length	50' (18.75 m)
Roll Size/Coverage Area	162.5 sf (15.10 m <sup>2</sup> )
Rolls Per Pallet	8
Product Color	White*

*\*Note that product is shown as black for visibility.*
