

# PICKLEBALL

We are so proud that we dove in headfirst to the pickleball movement. We have nets, balls, and equipment available for anyone to use.

Our new courts have Pickleball lines down on all four courts, the back courts are the best place to play, as you don't have to worry about the Tennis Nets.

If you would like to use our equipment, call our office at 377-9686 and we can arrange for you to pick up or get access to the equipment.

We hope to create a list of people looking to play so you can set up times to play, and we will post a link on our website.

Rules for the use of the courts are:

1. First come basis for the courts, regardless of activity basketball or pickleball.

2. Courts are reserved for a couple of groups
