## APRIL BOARD REPORT

# 1.

### GOOD NEWS FROM THE CLASSROOM

Mr. Veayo's Science class has been busy building rockets and exploring forces and momentum.

Students and staff are closing out the year on a high note. Over the next few months, MBMS students will be completing spring NWEA Testing, closing out academic courses and working in the community as part of our popular Cougars in the Community.

We have made many new hires for the 25/26 school year to replace our retirements and open positions and are excited about there potential.

March was a busy month for our music department. The district Band-A-Rama, Orchestra Celebration, and Choral Concerts were held at Mt. Blue Campus with amazing performances. Special thanks to our music teachers, families, students, teachers, and custodians for supporting these programs in our district.

# 2.

### BUILDING CULTURE

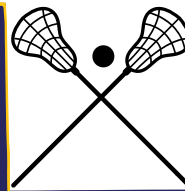

MBMS capped off our March spirit week with our annual student staff basketball game. It's always great having students and staff interact in a positive way with some friendly competition.

This past week our PBIS Committee and Staff held an event for students, which encouraged family involvement. Over 250 sweet treats were donated as a part of our You Take the Cake PBIS fundraiser. These fundraisers offset costs for school wide PBIS initiatives and rewards for students! Thank you, Parents and Staff!

## ATHLETICS & CLUBS

### MT BLUE MIDDLE SCHOOL OFFERS THE FOLLOWING SPRING SPORTS/CLUBS:

- LACROSSE, SOFTBALL, BASEBALL, TRACK & FIELD, COOKING CLUB, ROBOTICS CLUB, DANCE CLUB, IMPACT, AND YEARBOOK

With the addition of indoor lacrosse and Unified basketball, winter sports participation has grown to 111 athletes. Spring sports have 150 students signed up this year.

MBMS hosted the Pine Tree League State Wrestling Championships at MBC. The event was a success, thanks to a collaborative partnership between coaches, parents, student-athletes, teachers, and local businesses.

## STUDENT/COMMUNITY CONNECTIONS

**Robotics:** Quick pics from the Lego League Championships held at Mt. Blue Campus. MBMS won 3rd place out of 40 teams for robot design.

**Food Pantry:** Mrs. Veayo's Alternative Learning program have been volunteering with the RSU9 Food Pantry for the last 4 months. They have been delivering backpacks to various schools, helped unload orders from the Good Shepard Food Bank to the Community Center, and then sort/organize for community pick-ups. They also made 16 loaves of bread which were shared with local families.

**Impact Club :** The IMPACT club has had a successful year, participating in events that strengthen our school's connection with the community. Our members are focused on making a positive difference through service projects and collaborations.

#### Accomplishments:

- **Book Drive for Franklin Health Pediatrics:** We organized a school-wide book drive, collecting and donating 133 books to Franklin Health Pediatrics, supporting literacy in our community
- **Read-a-thon:** Our annual Read-a-thon, with participation from IMPACT members and friends, raised \$612.00. This event promotes literacy and generates funds for future community projects.
- **Rotary's "Price is Right" Event:** IMPACT members provided backstage assistance at the Rotary's annual "Price is Right" event, supporting a community fundraiser.
- **Franklin County Animal Shelter:** We donated to and volunteered at the Franklin County Animal Shelter, showing our commitment to animal welfare and community support. The IMPACT club is currently researching local organizations in need of support. We plan to make meaningful donations using the funds raised this year, hoping to have a positive impact on the community.
