

WELCOME TO MT. BLUE HIGH SCHOOL

COMMUNITY | CULTURE | CURRICULUM

A NEW SCHOOL YEAR

After a jam-packed summer of gearing up for the new school year, we welcomed grade 9 students on Wednesday, August 30th. On orientation day, students were busy acclimating to the school with a scavenger hunt led by upper-level students and running through an abbreviated schedule of classes. All grade levels attended on Thursday. This is always a special day for seniors as they are all together for their class photo on Caldwell Field. This was especially exciting as it was the first time we used a drone to capture the special shot.

INTERNATIONAL PRESENCE

Mt. Blue Campus is happy to host international students again this year. These students bring diversity to the school, exposing our Mt. Blue students to different cultures, languages, and perspectives, fostering a more inclusive and globally aware school environment. The Nine students are from Spain, Mexico, Italy, Thailand, and France. In October, thirteen students will visit us from the Canary Islands, Spain. They will be visiting us for two weeks.

EVERY DAY IN SCHOOL MATTERS

Over the summer, the high school administration and the school counselors worked hard to build structures to support daily student attendance further. We enhanced our attendance committee to include more key stakeholders. We developed a more proactive approach, targeting students before absences accumulate. We also focused on developing district communications stressing the importance of daily attendance. Daily attendance matters and plays a crucial role in growth and learning. When students miss school, they miss educational opportunities in the classroom and social interactions with peers. We are making every effort to ensure that students get the most out of their school experience, and attendance is at the core of that effort.

DID YOU KNOW?

- Mt. Blue Campus is home to Franklin County Adult Education, FCTEC, Mt. Blue High School, RSU Special Services, RSU 9 Tech Dept. RSU Superintendents Office.
- 110 students from 3 area high schools attend FCTEC classes on the Mt Blue Campus.
- 500 hot lunches are served every day.
- 860 students attend Mt Blue Campus daily.
- More than 1,000 students, staff, and guests are on campus daily.

GYM FLOOR

We are excited to see the gym floor completely refinished. The process has been interesting to watch unfold. Unfortunately, the weather and humidity impacted the progress and created delays. As a result, we problem-solved to accommodate gym classes. It should be completed by mid-September.

Laptop Distribution

We are happy to report that we distributed approximately 750 laptops within our first three days back at school. Many thanks to our IT team for making this a priority! It takes much coordination between staff, students, and our tech department to make this happen.

Working together to provide high-quality educational opportunities for all
