

BOARD ADVISORY COMMITTEES

The Board may establish advisory committees to perform specific functions. Advisory committees may study particular problems or issues and make reports and/or recommendations to the Board, but may not act for the Board.

Advisory committees may include individuals who are not elected members of the Board but each advisory committee shall have at least one Board representative.

The Board will consult with the Superintendent before establishing or dissolving any advisory committee. The number of members, the composition of each advisory committee, and the selection of members will be determined by the Board, in consultation with the Superintendent based upon the purpose of the committee.

NOTE: The number of members and the constituencies that should be represented on an advisory committee are issues separate from the appointment of particular individuals as members. A board typically establishes a committee and then invites applications or recruits individuals to serve and ratifies the membership by vote. Some advisory committees may need expertise in specific areas. If parents, students, or community members are to be involved, the Board may wish to encourage representation of diverse populations and/or interests.

The scope and authority of any advisory committee shall be limited to that assigned to it by the Board. The Board is in no way obligated to follow advisory committee recommendations.

Unless given a new assignment by the Board, an advisory committee shall automatically dissolve after the Board has received the committee's final report or recommendations. An advisory committee may be dissolved at any time by Board action. No advisory committee shall continue for a prolonged period without a specific assignment.

Charge to Board Advisory Committees

So that the Board's intent and expectations are clear, each advisory committee shall be instructed in writing concerning:

- A. The purpose of the committee, the specific issue(s) for study, and/or the scope of the committee's activity;
- B. The composition of the committee, including designation of voting and non-voting members, whether the advisory committee chair is to be appointed by the Board Chair or selected by the members of the committee, if applicable;
- C. The length of time each member is expected to serve for the duration of the committee's work;
- D. The role of the committee as being advisory only;
- E. The resources the Board will provide to assist the committee in completing its task;

- F. The expectations regarding the committee’s relationship with the Board, the Superintendent and school system personnel;
- G. The designation of the individual who will be responsible for providing information to the public concerning the committee and its work;
- H. The time and place of the first meeting;
- I. The timeline for progress reports to the Board and/or other activities;
- J. The date on which the Board expects to receive a final report or recommendations and dissolve the committee.

All advisory committee meetings are open to the public except as may otherwise be provided by law. Committee reports and minutes of advisory committee meetings, if prepared, are public information subject to the Freedom of Access Law.

Notice of advisory committee meetings shall be provided in a manner consistent with the Board’s policy and practice concerning notification of Board meetings.

The Board recognizes that any advisory committee mandated by state law or Department of Education regulations may require deviation from any or all of the provisions of this policy. Any such deviations shall be identified when the Board establishes such a committee and reflected in the Board’s instructions to the committee.
