GRADUATION REQUIREMENTS ([Policy IKF](#))

Before entering high school, students need to know the standards for attaining a high school diploma in order to plan an appropriate, sequential, educational program to meet that goal.

The Superintendent, through the high school principal or other designee, shall be responsible for making accurate information concerning diploma requirements available to incoming students and their parents prior to the start of their ninth grade school year, and as soon as practicable when there is of any change in State-imposed standards that must be met before students may be awarded a high school diploma. A copy of this policy will be disseminated to all incoming ninth grade students at the time of course selection and will also be included in every edition of the high school student handbook.

The school unit's instructional program is aligned with the standards of Maine's system of Learning Results. A diploma from Mt. Blue High School signifies that the graduate has completed the requirements described in Maine law and Board policy and that he/she is ready to enter a postsecondary educational program or a career as a clear and effective communicator, a self-directed and life-long learner, a creative and practical problem solver, a responsible and involved citizen and an informed and integrative thinker.

Students earn credits toward graduation through successful completion of courses/ learning experiences as specified in this policy.

For the duration of the school year, students must be enrolled in the equivalent of 6 credit bearing courses to be considered a full-time student.

The Board has approved the following schedule of minimum requirements for graduation, which includes requirements specified by the State of Maine.

The Board expects the Superintendent/designee to inform students and parents as soon as practicable of any additional State-imposed standards that must be met before students may be awarded a high school diploma.

ADD/DROP

There will be an Add/Drop Period at the beginning of the school year and prior to the start of the second semester when students will be allowed to request changes to their schedules. ACADEMIC SUPPORT BLOCK

Purpose: To provide a proactive opportunity for students to access teachers during the school day. This will allow for a dedicated time to broaden learning and support increased student success.

Activities may include but are not limited to:

- Making up missed work
- Remediation/Intervention

- Re-teaching opportunities
- Students requesting support from teachers
- Peer academic support
- Collaboration between students and/or teachers
- Enrichment and acceleration activities

Structure: Academic Support Block will be held Monday, Tuesday, Thursday and Friday during which time students can be tagged for academic support.

Expectations for Students:

- Request to be tagged by teachers as necessary for support.
- Check tagging at the end of Period 3 at the latest, prior to the Academic Support Block.
- Students are expected to participate in the support structure. Refusal to do so will be handled as it would in a class.
- Students not tagged will be expected to report to their Academic Support rooms for study hall purposes.
- Time can be used for Homeroom/Advisory purposes as necessary throughout the year.
- We will use Adaptive Scheduler (Part of PowerSchool) as the software to manage the tagging.
- Academic tags will take priority over extra and co-curricular tags.
- Seniors who have privileges will not be required to attend ASB unless they have been tagged by a teacher for an intervention. (This is considered an instructional period.) Those who do not have privileges (those who are assigned to Learning Labs due to academic concerns) will be expected to attend ASB.
- Our expectation is that students stay in one assigned room for the duration of ASB each day. Please only allow students to go from one room to another if there are unusual circumstances. Teachers will be asked to communicate as necessary if conflicts and/or priorities arise. Teachers should communicate about this prior and send the student with a pass. Students must request any such arrangements ahead of time, and this is subject to teacher discretion.
- Our goal is to support your success and for you to broaden your learning at MBC. Please be sure to take advantage of the opportunity provided to you.

Please let us know if you have any disability concerns regarding your child that you think should be addressed.

Student Safety and Accountability Expectations

All teachers issue passes-No student leaves any room without a pass.

We will have laminated floor passes. They will be the same color and same size as regular passes for floor-based needs (bathroom, copier, another classroom, etc.). Any student needing to conduct business out of their floor area will need a regular pass.

ASB-Students must report to their ASB rooms unless tagged. Students do not leave rooms (home base or tagged room) for the entire 30 minutes.

The ASB Guidelines will be adjusted to reflect these expectations. Academically eligible seniors with dismissal privileges will be permitted to be in the Senior Lounge areas.

Library expectations-Two students allowed in the library from each class (to include Learning Labs).

There may be exceptions to this if there is a group of three or four students that need to study for an exam or project together. The teacher should call to make sure space is available. Also, the teacher may bring in his or her whole class in by setting up a time with the librarian.

Students should be coming to the library with an official pass signed by their teacher. Each student should have his/her own pass. They are expected to stay in the library for the entire period unless the pass specifies a specific time they are to return to class - for example a 10 to 15 minute pass to look for books. Students should be in the library to study, work on a class assignment, look for books, or if they need a quiet place to read. The computers are for students without their laptops and who need to complete an assignment for their teachers. Teachers should call me when they send a student in to specifically use a computer. They are not for playing games.

There will be a restriction for frequent flyers who have a pattern of not where they are supposed to be-no passes will be issued.

End of the day student release-Students must remain in classes until the bell rings at 2:02.

Cafe Expectations

It will be open from 9:15-10:30. Teachers must send students to the Cafe with a pass.

Academic reasons to send students during classes: The pass must come from the teacher who is requesting to see the student.

Senior Lounge: Areas will remain the same-Food Court, F2 landing, and B2 lounge area.

No off-floor passes issued during Period 3. No passes will be issued other than bathroom or copier on floor passes.

These will be the only exceptions: supervised lunch bunch, pre-scheduled academic passes.

ATTENDANCE POLICY

PURPOSE

Compulsory education is essential to the preservation of the rights and liberties of the people and continued prosperity of our society and our nation. Maintaining regular student attendance is necessary to achieve the goal of an educated citizenry. (M.R.S.A. title 20A section 5001A)

The RSD #9 Board of Directors has approved a policy establishing attendance requirements at Mt. Blue High School.

Any student who accumulates ten (10) or more unexcused absences in a class in one semester may not receive credit for that class. (Students may receive a numerical grade if they complete the course.) The principal will be responsible for the final decision regarding loss of credit.

ABSENCES

Excused: All absences for personal illness, an appointment with a health professional that must be made during the regular school day, observance of a recognized religious holiday when the observance is required during the regular school day, family emergency or a planned absence for a personal or educational purpose which has been pre-approved are considered to be excused absences. These absences must be documented by a parent or guardian phone call the day of the absence OR by a note from a parent/guardian OR a doctor's note **THE FIRST DAY THE STUDENT RETURNS TO SCHOOL.**

Unexcused: Unexcused absences include being absent from school for reasons other than mentioned previously or any absence not excused by a parent/guardian note **WITHIN 48 HOURS OF THE ABSENCE.**

Truancy Definitions --

- **A student has completed grade 6 and has the equivalent of 10 FULL DAYS of unexcused absences or 7 CONSECUTIVE school days of unexcused absences during a school year.**

TARDIES

1. Students will be held accountable for being unexcused tardy to school and to class. Consequences for multiple tardies will be office and teacher directed.
2. A student is considered absent if he/she misses more than 15 minutes of the class without appropriate documentation.
3. Students who are excessively absent or tardy may be required to provide a doctor's note.
4. Excused tardy includes being late to school due to a medical appointment, orthodontist appointment, legal appointment, or family emergency (excuse office administration).

Tardy To Class Procedure and Protocol *Mt. Blue Campus*

It is the intent of this procedure/protocol that the classroom teacher will initially handle issues regarding students being tardy to class until the behavior becomes chronic or in the event that student refuses to serve teacher detentions.

All students arriving to school late/tardy will be tracked by the office with an appropriate response.

The following steps will be followed regarding students being tardy to class:

1. Teachers will keep track of the number of times a student is tardy to class.

2. **On the fourth** (per quarter) unexcused tardy to class, the teacher will issue a teacher detention that will not exceed 3:00 PM (or a 20 minute period before school begins). Contact made with home is recommended at this point.
3. Teacher detentions will be issued for every tardy thereafter (Teacher detentions for tardies 4, 5, and 6. On the seventh tardy they will be issued an office detention).
4. Teachers will call home if a student fails or refuses to stay for the teacher detention and arrange for the student to stay on another date.
5. If the student still fails or refuses to stay for the teacher detention, an office detention will be issued (following a call home to the parent by the teacher).
6. Students who are chronically tardy (more than 6 per class) to class may be issued additional office detentions or suspension.
7. Students who do not have rides home after they serve teacher or office detentions will be expected to attend the After School Library Program until their ride arrives or until the late shuttle bus departs.
8. Teachers will issue excused passes to students who are going to be tardy to their next class if that student has been meeting with that teacher after the bell sounds.
9. Students who report to class without excused passes from a teacher or the office will be considered unexcused tardy to class.
10. Teachers will be expected to enter excused or unexcused tardy in PowerSchool for all tardies to class. The main office will log all tardies to school.
11. **Please fill out a SWIS form for all students unexcused tardy to class.**
12. The number of tardies will reset at the start of each quarter.

ADMINISTRATIVE RELEASE CONTRACT

In the event of a student needing special release arrangements from school time an Administrative Release Contract may be required. The details of this arrangement are available through our guidance office.

NOTIFICATION PROCEDURE

Parents and students will be notified of attendance problems at the following intervals:

1. 6 unexcused absences – warning letter sent
2. 10 unexcused absences – notification of possible loss of credit

Early Dismissals- Early dismissals will be allowed for a professional appointment provided evidence (such as an appointment card) is presented prior to leaving and/or parent permission. In case of illness, parents or an approved adult must be notified by office personnel before students will be allowed to leave.

Board policy stipulates that any student absent for ten days shall have his or her attendance reviewed and on the fifteenth day of non-attendance, the student may be suspended. Further absence may result in action by the Board of Directors.

Exchange Trips – RSD #9 is especially proud of the various opportunities it affords students to participate in educational exchanges with partner schools in foreign countries. The Foreign Language Department currently sponsors group exchanges. It is undeniable that students experience tremendous personal and academic growth resulting from participation in such exchanges. However, students who are selected for such exchanges must be fully aware of their responsibility for making up schoolwork missed as a result of absences from regular classes.

Students involved in the group exchange program will be expected to sign a contract.

Blue Slips: Blue slips are for any school-organized trip. If a student is failing any course affected by the field trip, he/she will not be allowed to attend and will be assigned to a study hall in place of the class going on the outing. Teachers will allow alternative assignment if needed.

DETENTION (office) GUIDELINES

1. Detention must be served on the date written on the “discipline report” form.
2. If no date is specified, assume that the detention is for the next scheduled detention day. Detention is held on Tuesday, Wednesday, and Thursday of each week from 2:00 – 3:00 p.m. (location is announced weekly).
3. If students are absent on their assigned detention day, they should plan on making up that detention on the next regularly scheduled detention day.
4. If students are in school and miss detention for any reason, they are assigned two detentions and parents will be notified.
5. If a student misses either of these two detentions, the student will be suspended for one day. The student will still have to serve the two detentions upon his/her return to school.
6. The detention room # will be announced daily.
7. During detention, students must have homework or other appropriate reading materials. There will be no sleeping, eating, drinking, conversation, note passing or electronics use allowed in detention.

In order to obtain such services a request must be made through the building principal to conduct a Pupil Evaluation Team meeting. This referral (request) may be initiated by classroom teachers, parents, guidance counselor, student or any person involved with the student professionally.

The I.E.P. meeting will be held with teachers, parents, building administrators, guidance person, and Director of Special Services to determine needs, appropriateness of referral and to make plans for assistance if such is recommended.

This is a very brief summation of this process. If you wish further information, please contact the Director of Special Services (778-9517)

Extra-Curricular and Co-Curricular Activities Code of Conduct ([Policy JJJ-R](#))

Mt. Blue Regional School District's goal is for all of our students to be able to compete and participate in any group, club, or sport. We hold our students to both high academic and code of conduct standards as they are representing our school district wherever they may go. Sports and activities are a privilege for our students and the following summarizes our expectations.

1. Parental/guardian consent is required for participation. We believe that in order for our students to be successful, we want to have a strong partnership and support from our parents/guardians.
2. Academically, we require our students to be passing their classes. There are many supports built in that will help students who may need additional time and resources.
3. In order for our students to be successful, we require them to be present in all of their classes.
4. Our students are also held to a high standard for drug, tobacco, and alcohol use. Student will receive consequences for possession and/or use of drugs, tobacco, and/or alcohol. The school will also offer resources to help students make more positive decisions in the future.
5. Students are expected to travel with the team, attend practices, and treat uniforms and equipment with respect.
6. As always, we have a high code of conduct for behavior and expect our students to act with respect towards others, refraining from all forms of bullying and hazing while participating in any group, club, or sport.

Extra-Curricular and Co-Curricular Activities Code of Conduct for Middle and High School Students

Since participation in extra and co-curricular activities is a privilege, it is important that students, parents/guardians and other interested persons are aware of the following rules and regulations. As representatives of the schools, students are expected to exhibit appropriate behavior at all times. These rules are adopted by the School Board in order to support the social, emotional and physical well-being of students and promote healthy, enriching and safe extra and co-curricular opportunities for all students.

The following rules shall govern student participation in extra-curricular and co-curricular activities. The list of extra and co-curricular activities will be updated annually by the principals and made available on request. Participation is defined as beginning with the first day of participation in any meeting, practice, contest or performance and ending at the conclusion of the activity or school year (whichever comes later).

General Expectations:

1. Students in good standing may participate in the extra and co-curricular activities of their school. A student is considered in good standing if he/she is not the subject of any disciplinary action for violation of any policy or school rule and is currently academically eligible based on MPA guidelines and this policy.

2. All participants are expected to come to school ready to learn on all scheduled school days. Regular school attendance is required of all participants.
3. Students suspended from school (including in-school and out-of-school suspension) will not practice, participate, attend or compete in extra and co-curricular activities during the days of suspension.
4. Students are required to abide by all Board policies, school rules and any additional rules, and/or training guidelines imposed by coaches or advisors. Any additional rules and/or training guidelines must be consistent with Board policies and be approved by the Extra/Co-Curricular Administrator in advance of the season/activity.
5. Student use of tobacco, alcohol and drugs is illegal and negatively affects student health, safety and performance. Students participating in extra and co-curricular activities carry a responsibility to themselves, their fellow students, coaches/advisors, parents/guardian and school to set the highest possible example of conduct, sportsmanship and training, which includes avoiding any involvement with tobacco, alcohol and drugs. Therefore, students participating in extra and co-curricular activities may not engage in the prohibited behaviors and activities described in [Policy JICH-R](#) at any time or place from the beginning of the student's first extra or co-curricular activity of the school year through the last extra or co-curricular activity of the school year. Any team, club, or group suspensions imposed that cannot be completed in the current year shall be carried forth to the next school year.
6. Students and their parents/guardians are required to sign the Extra/Co-Curricular Contract, as well as all other required paperwork, as a condition of participating in extra and co-curricular activities. Students participating in fall extra and co-curricular activities and their parents/guardians must sign the contract, as well as all other required paperwork, at the beginning of pre-season. All other students who plan to participate in extra and co-curricular activities at any time during the school year and their parents/guardians must sign the contract, as well as all other required paperwork, prior to beginning their first activity.

Rules and Regulations

A. Parental/Guardian Consent/ and Permission Forms

A student may not participate in any teams, groups, or clubs until a signed parental/guardian consent/permission form has been completed and returned to the appropriate school office each school year. This form must indicate permission to participate, verification of adequate and appropriate health/accident insurance (where applicable), and agreement to abide by all Mt. Blue Regional School District's District Rules and Regulations.

B. Academic Eligibility Rules

The Principal or his/her designee is responsible for certifying the eligibility of all students participating in extra and co-curricular activities.

A student will be ineligible if they have the following at the end of each quarter:

- Any cumulative course score is below a 2.0
- Any cumulative Habits of Work score is below a 2.5

All students must have a minimum cumulative course score of 2.5 in all courses and a minimum Habits of Work cumulative score of 2.5 in all courses at the end of the year in order to be eligible for the subsequent fall season.

The following supports are available for students:

- Teacher assistance before or after school
- Academic Support Block (MBC)/Targets Focus Lab (MBMS)
- Extended Day Program

If a student fails to maintain eligibility status in any subject he/she will be declared ineligible to participate or compete in extra and co-curricular activities for the following quarter.

Students who are placed on academic probation will be allowed an opportunity to participate, depending on their eligibility status.

Academic Probation is defined as follows: The student will be able to practice, but unable to compete or lead such activities until each course score and Habits of Work score for the current reporting period reaches an eligible level on the bi-weekly progress report. The student will be responsible for taking the progress report sheet to his/her teachers every two weeks, to monitor his/her progress. This sheet is to be returned to the Main Office and a copy brought to the coach or advisor. If the student is eligible at the end of two weeks, he/she may return to full participation in the extra or co-curricular activity, with continuing review every two weeks. Otherwise he/she will remain eligible to practice only. This policy applies to all sports, sports managers, jazz band, drama, class officers, student council, clubs, etc. It does not include any curriculum offering where credit is granted such as performing arts classes (e.g. chorus, concert band, orchestra, library aides, etc.)

If a student receives a failing or incomplete grade, he/she shall become ineligible when official academic reports are issued. Students with incomplete scores will have two weeks to make up incompletes and will remain ineligible until work is made up and assessed.

Students may gain eligibility by attending an accredited extended year program. The student's grade shall be determined by the formula prescribed by the district's extended year regulations.

Students who lose course credit for failing to satisfy the provisions of the district's attendance policy will be considered ineligible immediately at which point they may petition to be put on probation. This probation will include the student maintaining passing scores in all courses that total six (6) or more credits, as well as have no further undocumented absences. The student will be monitored every two weeks (attendance and scores) in order to participate.

Mt. Blue School District encourages their students to monitor their eligibility throughout the whole year.

Students Under Traditional Grading System

A student must take six (6) credits in order to participate in extra and co-curricular activities and maintain a cumulative grade for each course of 60 or higher. If a student fails to maintain a passing cumulative average of 60 or receives an incomplete in any subject at the end of the preceding quarter, he/she will be declared ineligible to participate in extra and co-curricular activities for the following quarter. If a student agrees to be on academic probation they will be allowed an opportunity to participate or compete.

Students involved in extra and co-curricular activities **MAY NOT** drop courses that they are passing after the season ends unless there are extenuating circumstances and have the principal's permission.

The student will be monitored every two weeks (attendance and grades) in order to participate. A student who drops a course with an F shall be immediately ineligible. Mt. Blue School District encourages their students to monitor their eligibility throughout the year.

Special Eligibility Conditions:

Students suspended for contract violations or ineligible students may **NOT** try out for teams with limited rosters. This policy applies to “cut sports” and activities with limited membership, and is intended to ensure that spots on team rosters are not being reserved for currently ineligible students. This does not apply if teams are unable to fill rosters with available students who initially try out. New students moving to Mt. Blue Regional School District who have maintained passing grades in all subjects taken at their previous school will be eligible for extra and co-curricular participation as soon as they are officially registered for classes in Mt. Blue Regional School District schools.

Students failing courses during the fourth quarter may be able to establish eligibility for the opening of the following school year with the approval of the principal. This may be accomplished by earning passing scores in an approved extended year program or other options available through the Guidance Office. Ninth grade students entering Mt. Blue High School will automatically be eligible for fall extra and co-curricular activities. Students entering the District must meet the eligibility requirements of the Maine Principals' Association and MBRSD.

Students who become academically ineligible may practice and attend meetings but may not compete, perform, during an event or contest.

C. Attendance

All participants are expected to come to school ready to learn on all scheduled school days. Regular school attendance is required of all participants. In order to participate in a contest, event, or practice, students must be in attendance on the day of the activity (or the last school day preceding the activity if it is scheduled on a non-school day). Being in attendance is defined as being present and appropriately participating in all assigned classes and learning labs. For the purpose of this policy, any student who misses any portion of the school day with an unexcused absence may NOT participate in extra and co-curricular activities. Any exceptions to this requirement must be approved by a building administrator or designee. No exception will be made for illness.

D. Travel

Members of teams, groups, or clubs are expected to travel as a group to and from all away events using transportation provided by the school district. Exceptions may be made for students who submit a permission slip signed by their parent/guardian to the building principal/designee and approved prior to the school event. This exception will typically only be made to approve transportation from the away event in the private vehicle of the applicant's parent/guardian.

E. Violations of Student Conduct Code

Except for conduct distinguished in Sections F and G below, any student participating in an extra or co-curricular activity who violates the code of conduct established by any school or department of the Mt. Blue Regional School District will be subject to general school disciplinary measures which may include suspension from participation in the regularly scheduled events, activities, performances or contests at the discretion of the administration. Any student participating in an extra and co-curricular activity who receives disciplinary consequences for violations of school rules must complete the consequences before returning to the activity. Substantiated incidents of bullying or hazing may incur additional consequences related to extra and co-curricular activities. A student who is suspended from school is also suspended from extra and co-curricular activities during the period of the suspension. A student assigned in-school suspension is also suspended from extra and co-curricular activities during the day(s) of the suspension and until after returning to classes.

F. Alcohol, Tobacco and other Drugs

Students may not possess, use, be under the influence of, buy or furnish to others any substance which affects the mood or performance of oneself or others. These substances include, but are not limited to, alcoholic beverages, tobacco, use of vaporizers, vape products, marijuana, illegal drugs, prescription drugs (except as prescribed by their physician), look-alike drugs, over-the-counter drugs, or any substance purported to be any of the aforementioned. Taking medication at school or at a school-sponsored event is prohibited except under the supervision of appropriate school personnel. In addition, students participating in extra and co-curricular activities are not to "knowingly remain present" where these substances are being used contrary to the requirements of this policy. Students may not buy, possess, furnish to others, or use tobacco in any form.

Referral (Self or Concerned-Person) Procedures exist in order for students to safely seek help for themselves or others whom they suspect or know are involved with tobacco, alcohol or illegal drugs. On the first report of either type (self or concerned person) of referral, the student shall receive assistance and shall not be suspended from extra and co-curricular participation, provided there is not a current incident investigation in progress. The student shall be referred to a school sanctioned local intervention program. On the second report of either type (self or concerned-person) of referral, the student and his/her parent/guardian must participate in a meeting with an administrator or designee prior to returning to the activity and must participate in an individual counseling opportunity. Discipline procedures shall be followed as listed below.

G. Students are expected to conduct themselves so as not to discredit themselves, their team, club, or group, their coach or advisor, or their school. If a student is charged with a crime that occurred during the school year, he or she may be suspended from participation in extra and co-curricular activities, as defined in paragraph 2 on page 1, until the case is adjudicated based on the determination of the superintendent in consultation with the building principal or designee. A student who is convicted of a crime shall be suspended from participation in activities for a period of time to be determined by the superintendent in consultation with the building principal or designee based upon the facts of the particular case.

H. School Uniforms and Equipment

FAN BEHAVIOR – ATTITUDES:

Recommendations:

1. Uniformed police should be engaged for all games; discretion should be used. Special attention should be given to policing of the following areas: lobby, main entrance, parking lots and other sections where people gather in large numbers. Special attention by local police should be given to buses prior to departure as they leave town.
2. Supervision should be provided by the hometown.
3. In tense situations it is recommended that coaches and cheerleaders, as well as team members, display qualities of leadership that exemplify the best sportsmanship.
4. Student and/or staff representatives of the host school should be assigned to greet the visiting team and act as a liaison between coaches and school officials.

The students and spectators should:

1. Realize that they represent the school and always conduct them in a sportsmanlike manner.
2. Respect the decisions of the officials.
3. Insist that visiting teams and spectators receive the utmost courtesy while in town and on school property.
4. Encourage and promote the school's support of its team but never at the expense of friendly relations.

RSD #9 does not provide health insurance for students. Low cost insurance can be purchased through RSD #9 at the family's expense. **All athletes must be insured** to participate on a Mt. Blue team.

CO-CURRICULAR POLICY (STUDENTS):

It is the belief of the Board of RSD #9 that it is an honor and a privilege to participate on/in any athletic team or co-curricular activity as a member or a manager. All members of a team/co-curricular are representatives of not only their team or activity but of their school as well. As such a representative, each is on display more than other school members, therefore, more is expected of them. In view of these facts, the following regulations have been established for ALL team members and co-curricular participants.

- 1. All trips shall be made in RSD #9 vehicles only. If prior arrangements have been made, players may return home with their parents (see transportation policy section in handbook).
- 2. Attendance at every practice and game is mandatory unless excused by the coach.

- 5. Students who report to school **AFTER** first period will **NOT** be allowed to practice/participate in games or activities on that day. Exceptions will be made for medical appointments and other SPECIAL situations.
- 6. All team members making away trips will be appropriately dressed. Appropriate dress is to be defined by the coach.

- 8. Regulations will be established by the coaching staffs of the individual teams regarding such matters as pre-game activities, diet, weight training, etc.
- 9. Violations of any of these regulations may result in suspension from the team. (see section on "suspension of students from athletic teams" in handbook)

10. It is the responsibility of the parent and athlete to sign and return "assumption of risk and parental approval" forms to the coach.

Transportation (athletic and non athletic):

All team members representing RSD #9 in interscholastic competition or attending RSD #9 sponsored events, must be transported to and from the site of the event in RSD #9 vehicles except under the following circumstances:

1. A student may return home with the student's parent or guardian if the coach has received written permission from the parent/guardian.
2. In the event of an unusual or special situation a student athlete may ride home from an away contest with parents other than his/her own parents. Written permission must be obtained and approved by the Athletic Director or principal. They shall approve only those situations where special circumstances exist or a hardship is avoided through the approval process.

It is the intent of the District to move students to and from activities on RSD #9 vehicles whenever practical.
